

## # Why Writing Kit exists

I've been trying lots of different writing apps on iPad, and none of them truly satisfies my need. A good writing app isn't just about offering me a screenful of text — it needs to support finding and adding reference material to my document. It has to integrate well with my current workflow; use Dropbox for file syncing, allow content export to different services, etc.

Writing Kit is built to solve these kind of issues.
