whiskey A new generation of urban bootleggers is distilling whiskey at home and cocktail enthusiasts have embraced the nuances of brown liquors The Kings County Distillery Guide to Urban Moonshining presents whiskey s history and culture from 1640 to today when the DIY trend and the classic cocktail craze have conspired to make it the next big thing For those thirsty for practical information this book provides a detailed easy to follow guide to safe home distilling complete with a list of supplies step by step instructions and helpful pictures anecdotes and tips The final section focuses on the contemporary whiskey scene featuring a list of microdistillers cocktail and food recipes from the country s hottest mixologists and chefs and an opinionated guide to building your own whiskey collection The moonshining world is notoriously full of orally perpetuated misinformation and the legitimate whiskey industry is full of marketing lies and half truths Spoelman and Haskell have thankfully defied those traditions and released an educational book of honesty and transparency **Serious Eats Popular Mechanics** ,1977 **Kentucky Moonshine** David W.
