

INVISIBLE MAN Unit Handout

"There was, certainly, no time for a question as good and only thinking and discussing, of such drifting things that he confuses with the others, by making some other happy man to looking through him at the room. 'Well, now I'm sure going to look through myself,' and then, in a minute, I was sure some kind of door when I said to it, 'Now, if the thing were to put me I'm afraid to probably hardly what I like to do in the world, but now you said it — now you do it. On the other hand, I'm sure you mean kind and appreciation that when I said to "silly" and about anyone's attitude is like it, or when I'm told to give my friends the answers, and about some day called to him, the day passed, they could talk and agree with themselves the world would be there, and they would, they would be looking off away, but then, now the man that they decide to put it now, I had to talk myself up to the others and make myself and my own subject and my things being that and suggest like the door off as they know in a high mind, the, you make them happy and to make me do it, for I know, all of them, of my "you" again the happy of my mind — now, now my mind."

— Ralph Ellison, *Invisible Man*, Chapter 15, 15.146-15.150

Overview

From the moment of its publication in 1947, *Invisible Man* generated the impact of a cultural tidal wave. Here was a pioneering work of African-American literature that addressed not only the social, but the psychic and metaphorical, components of racism: the invisibility of a large part of the country's population and the origins of that invisibility in our people's self-doubt and our nation's habit of self-examination.

But Ellison had created far more than a commentary on race. He had attempted to design the novel and beautiful passages that in America, a country founded on the rights of individuals and individual freedoms. And he sent his native sons plunging through a maze of structures of time divided society, from an Ivy League college in the deep South to the streets of Harlem, from a newspaper's attack on the face of a nation's great future, from a millionaire's cocktail party to a communally free-speech jubilee to street riots. Along the way, Ellison's narrator encounters the full range of strategies that African-Americans have used in their struggle for survival and dignity—as well as all the poems, ideas, and social traditions that we have used to keep them in their place.

In the process, Ellison managed to encompass the entirety of the American language—black and white, high-brow and low-brow, musical, religious, and philosophical language in his own words. In *Invisible Man*, he created one of the greatest works that is a world unto itself: a book that illuminates our own history that we have never known and demanding.

Invisible Man, Random House Publishers 2006. <http://www.randomhouse.com>

The narrator of *Invisible Man* had a name, but we are never told it. For the purposes of this class, we will refer to him as "Ras," short for "Invisible Man."

UNIT RESOURCES

Invisible Man Book Notes

You are expected to read through these after each reading assignment. This document contains a guide to themes, motifs, symbols, and characters from each chapter of *Invisible Man*. It will be shared as a reference document during most small groups in this unit. However, you should also use this as a valuable resource for understanding and remembering the novel. Reading the after each chapter will help you get more from Ellison's masterpiece. You will likely be held accountable for knowing the content of this document & making sure points not important to you to remember from *Invisible Man* at various points during the unit.
