Invitation To World Religions Welcome Department:

The World's Parliament of Religions John Henry Barrows, 1893 **Errand into the Wilderness of Mirrors** Michael Graziano, 2021-06-17 Reveals the previous underexplored influence of religious thought in building the foundations of the CIA Michael Graziano's intriguing book fuses two landmark titles in American history Perry Miller's *Errand into the Wilderness* 1956 about the religious worldview of the early Massachusetts colonists and David Martin's *Wilderness of Mirrors* 1980 about the dangers and delusions inherent to the Central Intelligence Agency Fittingly *Errand into the Wilderness of Mirrors* investigates the dangers and delusions that ensued from the religious worldview of the early molders of the Central Intelligence Agency Graziano argues that the religious approach to intelligence by key OSS and CIA figures like Wild Bill Donovan and Edward Lansdale was an essential and overlooked factor in establishing the agency's concerns methods and understandings of the world In a practical sense this was because the Roman Catholic Church already had global networks of people and safe places that American agents could use to their advantage But more tellingly Graziano shows American intelligence officers were overly inclined to view powerful religions and religious figures through the frameworks of Catholicism As Graziano makes clear these misconceptions often led to tragedy and disaster on an international scale By braiding the development of the modern intelligence agency with the story of postwar American religion *Errand into the Wilderness of Mirrors* delivers a provocative new look at a secret driver of one of the major engines of American power
