Almost everyone who's ever gone to work has had to deal with an office manipulator. Unfortunately, most employees hesitate to go public with their concerns. And with good reason: Even if they do, typical corporate responses range from wary or dismissive to actually retaliating against the victim, rather than the wrongdoer.

Manipulative Psychology 1:

Dark Psychology & Manipulation 2 in 1 Tony Bennis, 2019-09-15 Dark psychology studies the parts of ourselves that none of us want to recognize. Within this field, our innermost demons are delved into and a light is shone on the places that we would rather not see but need to see. Dark psychology accepts and embraces the darker side of the human experience. In this way, it is doing the same as any area of anthropocentric study does, the only difference lying in dark psychology's specialty of this dark reality within the human animal. Dark psychology is not meant to be a pageant of villains; however, specialists within this field do their work in order to better understand why and how malevolent people work toward their ends, not out of some attempt to gain fame for themselves and/or to idolize the more monstrous among us. It is also important to keep in mind that each and every one of us has a dark or evil side of our own psychology. Within this book, the following areas are covered with the aim to illuminate their significances in our everyday lives: the principles of dark psychology, dark personality traits, studies of dark psychology, mind reading, cognitive psychology, modes of persuasion, controlling emotions, and social engineering and leadership. Manipulation: Do you know people who are forever pushing your buttons to get you to do, think, and act in a way you wouldn't otherwise do for fulfilling their personal agenda? Don't you wish you also possessed the super power of persuasion, influencer, and manipulation that can allow you to get people to do exactly what you want? Don't you wish you possessed the ability to convince, influence, manipulate, and persuade people to do, think, and act as you want them to? Imagine how wonderful it would be if you could get people to act and think in the larger interest of a situation or humanity. Manipulation isn't always the negative thing; it is often made out to be. Think of it as a tool that can be used to create as well as destroy. The choice is yours. Though manipulation has fundamentally negative connotations, it can also be harnessed to accomplish positive outcomes. Using the powerful tips, techniques, and strategies mentioned in this book, a person can become an effective influencer, manipulator, persuader, negotiator, salesperson, and orator. Here are some of the things you will take back from the book: Shockingly effective psychological techniques for manipulating, persuading, and influencing people; The art of speaking and communicating in a way that people can't help but listen to every word you say; Proven verbal and non-verbal communication skills to enhance your manipulation prowess; How manipulators use Neuro Linguistic Programming to change a person's entire thought process; Detecting manipulation in your everyday life and personal relationships and strategies to safeguard against it; Clever techniques for outsmarting manipulators; Sharpen the art of influencing; manipulating and persuading people today by mastering the finer strategies of manipulation. *Dark Psychology* Robert Meyer, 2020-12-02 Do you wish to understand the world of manipulation and dark psychology inside out so you can protect yourself or use it on people to your advantage? Someone obtained your trust by lying to you and then used it against you for their gain. You felt invisible at work or social gathering and couldn't make your voice heard or people notice you. If these scenarios sound familiar, you have been a victim of Manipulation and Dark Psychology. Dark psychology is a term used to describe a variety of techniques and tactics people use to control others. The most common among them are manipulation, mind control, and persuasion. Scientists are still largely baffled over this phenomenon, but they do agree on one thing: most victims of dark psychology have no idea they're being manipulated and used. That's the most dangerous part of dark psychology: narcissists, sociopaths, and other unsavoury characters are incredibly subtle in their manipulative ways. They can charm you in a matter of seconds, persuade you to do something that will benefit them, and they prey on your weaknesses to get what they want. They count on people not knowing what they're doing. That is why this book is a must-have for everyone who wants to fight back and regain control over his or her actions. Not only will it train you in defensive tactics against dark psychology, but it will take you on a journey of self-empowerment. Soon, you'll be a stronger, more confident individual that no one would dare to manipulate. Here's what you'll be able to do: Instantly recognize signs of manipulation and mind control. Discover whether and why you are more vulnerable to dark psychology. How people with dark personalities/traits behave to control your life. Use defensive tactics to beat manipulators at their own game. Get to know manipulating techniques so you'll never fall victim to it again. How toxic people choose their favorite victims. Successfully read body language and develop alertness to even the most subtle persuasion attempts. Discover why empathaths are often victims of dark psychology and how to fight back through stoicism techniques. Change your perception of yourself by using Neuro-linguistic programming techniques. And much more. The best way to fight manipulators, narcissists, and everyone else who preys on our emotions and mind is to be a strong, confident person. While the help of this book, you'll be that individual in no time. Scroll up, click on Add to Cart, and Get Your Copy Now.
