The idea of dedicating a Festschrift to honor Professor Friedrich Manns on the happy occasion of his 70th birthday came to mind in the autumn of 2011 and work on this project had been continuing ever since. Felicitously achieving this goal, the Faculty of Biblical Sciences and Archaeology, Studium Biblicum Franciscanum and the Franciscan Custody of the Holy Land present this volume to Father Manns with gratitude for his profound scholarship and a lifetime service in the Holy Land. Perusing through Father Manns' writings, it is easy to see a prominent and distinctive place devoted to the Gospel of John. It seemed therefore suitable to focus on this subject in the Festschrift honoring him; the title *Rediscovering John* relates to Manns' significant contribution towards the better understanding of the Fourth Gospel. The volume comprises 21 studies authored by renowned scholars from various parts of the world from different institutions and denominations. While the first half of the studies examines general issues: history of interpretation, textual transmission, intertextuality, theological themes, archaeology, the second half treats literary narrative and exegetical approaches to particular texts of the Fourth Gospel. We augur that this rich collection will help to stimulate further discussion and reflection on the Gospel of John as well as constitute an incentive to an already distinguished scholar to continue writing challenging and thought-provoking essays and books from the Foreword by the Editor.

La passion de Jésus-Christ selon l'évangile de St Mathieu Johann Sebastian Bach, 1897 Papers Presented to the Tenth International Conference on Patristic Studies Held in Oxford, 1987: Historica, theologica, gnostica, Biblica, et Apocrypha Elizabeth A. Livingstone, 1989

Papers presented at the Tenth International Conference on Patristic Studies held in Oxford 1987 see also *Studia Patristica* 20, 21, 22 and 23. The successive sets of *Studia Patristica* contain papers delivered at the International Conferences on Patristic Studies which meet for a week once every four years in Oxford; they are held under the aegis of the Theology Faculty of the University. Members of these conferences come from all over the world and most offer papers. These range over the whole field, both East and West, from the second century to a section on the *Nachleben* of the Fathers. The majority are short papers dealing with some small and manageable point they raise and sometimes resolve questions about the authenticity of documents, dates of events and such like, and some unveil new texts. The smaller number of longer papers put such matters into context and indicate wider trends. The whole reflects the state of Patristic scholarship and demonstrates the vigour and popularity of the subject.
