Ethics and Mathematics Education Paul Ernest, 2024-06-10 This edited volume is an inquiry into the ethics of mathematics education and to a lesser extent the ethics of mathematics The imposition of mathematics for all raises questions of ethics What are the ethics of teaching school mathematics What are the costs as well as the benefits What are the ethical issues raised by the official aims of mathematics teaching the planned curriculum the pedagogies employed in school and college mathematics and the assessment systems These questions are addressed in the book as well as what systems of ethics we might use The volume ventures into a burgeoning new field It offers a unique set of investigations both theoretical and in terms of practices It announces the ethics of mathematics education as a new subfield of research and includes valuable contributions from many of the best known researchers in mathematics education additionally it is a valuable resource for students teachers and researchers in the field This is an enduring and classic source book in the field From the wisdom of leading scholars to the little heard voices of students this collection offers the reader many striking new insights into the ethics of mathematics and education

Immigrant Student Achievement and Education Policy Louis Volante, Don Klinger, Ozge Bilgili, 2018-03-21 This book examines immigrant student achievement and education policy across a range of Western nations It is divided into 3 sections Part 1 introduces the topic of immigrant student achievement and the performance disadvantage that is consistently reported across a range of international jurisdictions Part 2 then presents national profiles from scholars in ten countries England Germany Italy Sweden Finland Netherlands Republic of Ireland Canada Australia and New Zealand These educational jurisdictions were selected because they represent a range of Western nations engaged in large scale reform efforts geared towards enhancing their immigrant students achievement Each of the

national profiles provides a brief overview of the evolution of the cultural composition of their respective school aged student population explains the trajectory of achievement results in non immigrant and immigrant student groups in relation to both national and international large scale assessment measures and discusses the effectiveness of policy responses that have been adopted to close the achievement gap between non immigrant and immigrant student populations It also examines the relationships between education policies and immigrant student achievement and discusses how education policies have evolved across various cultural contexts In conclusion Part 3 analyzes cross cultural approaches designed to address the performance disadvantage of immigrant students and proposes future areas of inquiry stemming from the national profiles The book offers insights into a diverse cross section of nations and policy approaches to addressing the performance disadvantage
