

Lettre ouverte au monde musulman... et à l'Occident

Cher monde musulman, je t'ai vu enfanter un monstre qui prétendait se nommer État islamique et auquel certains ont préféré donner un nom de démon : Daesh.. Et cela m'inspire une question, LA grande question : pourquoi ce monstre ignoble a-t-il choisi ton visage et pas un autre ? Ce problème est celui des racines du mal. Car ce monstre en réalité est sorti de tes propres entrailles, et il n'est que le symptôme le plus radical de ta propre crise de civilisation. Crise d'une religion incapable de se régénérer, crise d'une culture qui éprouve toutes les peines du monde à se défaire des liens de cette religion qui l'étrangle. Et en face de toi, l'Occident connaît une étrange crise en miroir : lui, c'est au contraire une déliaison généralisée qui le frappe, une rupture de tant de liens – à commencer par celui qui peut relier l'existence humaine à une signification sacrée ! Chacun renvoie ainsi à l'autre l'image inversée de lui-même : la fossilisation du rapport au sacré d'un côté, contre sa disparition de l'autre ; un sacré devenu totalitaire contre un sacré devenu introuvable. Comment donc vous étonner l'un et l'autre que vous passiez autant de temps à vous accuser ? Moi votre fils à tous deux, je vous exhorte à affronter ensemble cette crise du sacré qui menace également vos deux civilisations et dont l'issue déterminera notre avenir.

Lettre ouverte au monde musulman... et à l'Occident Abdennour Bidar, 2022 Secularism, Islam and public intellectuals in contemporary France Nadia Kiwan, 2019-11-30 This book examines the thought of Abdennour Bidar Malek Chebel Le la Bab s Abdelwahab Meddeb and Dounia Bouzar In doing so it investigates how these five figures all contribute in their diverse and varying ways to broader understandings of the relationship between Islam and secularism in contemporary French society **Les noms géographiques du monde musulman dans des publications arabes modernes** Carlo Alfonso Nallino, 1907 **The Idea of European Islam** Mohammed Hashas, 2018-07-24 Suspicions about the integration of Islam into European cultures have been steadily on the rise and dramatically so since 9 11 One reason lies in the visibility of anti Western Islamic discourses of salafi origin which have monopolized the debate on the true Islam not only among Muslims but also in the eyes of the general population across Europe these discourses combined with Islamophobic discourses reinforce the so called incompatibility between the West and Islam This book breaks away from this clash between Islam and the West by arguing that European Islam is possible It analyzes the contribution that European Islam has made to the formation of an innovative Islamic theology that is deeply ethicist and modern and it clarifies how this constructed European Islamic theology is able to contribute to the various debates that are related to secular liberal democracies of Western Europe Part I introduces four major projects that defend the idea of European Islam from different disciplines and perspectives politics political theology jurisprudence and philosophy Part II uses the frameworks from three major philosophers and scholars to approach the idea of European Islam in the context of secular liberal societies British scholar George Hourani Moroccan philosopher Taha Abderrahmane and the American philosopher John Rawls The book shows that the ongoing efforts of European Muslim thinkers to revisit the concept of citizenship and political community can be seen as a new kind of political theology in opposition to radical forms of Islamic thinking in some Muslim majority countries Opening a new path for examining Islamic thought in and of Europe this book will appeal to students and scholars of Islamic Studies Islam in the West and Political Theology **Annuaire du monde musulman** Louis Massignon, 1923
