

Writing a term paper on metaphors can be a daunting task for many students. Metaphors are complex literary devices that require a deep understanding and analysis to fully grasp their meaning and significance. As a result, writing a metaphor term paper can be a challenging and time-consuming process.

One of the biggest challenges in writing a metaphor term paper is finding the right topic. Metaphors can be found in a wide range of literary works, from poems and novels to speeches and advertisements. Choosing a specific topic that is both interesting and relevant can be a difficult task, especially for those who are not familiar with the subject matter.

Another difficulty in writing a metaphor term paper is conducting thorough research. Metaphors are not always explicitly stated in a text, and it takes a skilled researcher to identify and analyze them effectively. This requires a deep understanding of the literary work and its context, as well as the ability to critically analyze and interpret the metaphors used.

In addition to these challenges, writing a metaphor term paper also requires strong writing skills. Not only do students need to convey their ideas clearly and effectively, but they also need to use appropriate language and structure to support their arguments. This can be particularly challenging for non-native English speakers or those who struggle with writing in general.

Conceptual Metaphor Theory in the Beatles Lyrics. Metaphors as Cognitive Phenomena Dominik Doeppert,2015-08-11 Seminar paper from the year 2015 in the subject English Language and Literature Studies Linguistics grade 1 7 University of Augsburg language English abstract Most people consider metaphors to be merely linguistic devises that are used for poetic purposes A standard dictionary definition of metaphor is quite similar The Oxford Dictionary defines metaphor as a word or phrase used to describe sb sth else This definition falls in line with a layman s notion of metaphors being purely linguistic with the sole purpose of functioning as decorative features However metaphors go much deeper than that Metaphors are in fact fundamental components of human cognition that are not just linguistic but conceptual in nature Through metaphors patterns of thought in a society are encoded and shared So in order to show that metaphors share patterns of thought in a society songs of the Beatles shall be examined seeing as the Beatles are one the most popular and successful bands of our time with fans from all around the world The metaphors used in the Beatles songs are not merely figures of speech or stylistic devises but cognitive phenomena that share patterns of thought in a society The Beatles songs are a great medium to help prove that conceptual systems play a paramount role in establishing our everyday realities because of they are so widely popular This paper seeks to show that Lakoff s and Johnson s notion of metaphors representing a way of thinking as made popular in their Conceptual Metaphor Theory also holds true for metaphors in the Beatles songs Drawing upon Lakoff s and Johnson s Conceptual Metaphor Theory this paper also attempts to illuminate how the Beatles success is at least partly due to the systematicity of metaphorical concepts Even though most people are not normally aware of conceptual systems present in our society most of these conceptual systems are indeed metaphorical in nature and determine to a large extent our perception of the world The metaphorical concepts present in the Beatles lyrics are very

much coherent with the metaphorical structuring of certain experiences in our society which is why so many people can relate to the Beatles songs because the concepts expressed therein are compatible with their conceptualisation of how they perceive the world

global community BP and the White House have made use of speeches and remarks to establish a connection between them and the people In these speeches officials from BP and the President of the United States respectively have made it their goal to inform the public about the latest happenings concerning the Deepwater Horizon Oil Spill and their response efforts Every event of such magnitude is an opportunity for certain parties involved to present themselves from their best side and is therefore exploited accordingly In this respect the speeches serve as linguistic tools to communicate certain images that are intended to be conveyed by their speakers With this in mind this paper will analyze the speeches published by BP and the Obama Administration respectively The ultimate goal is to find out what metaphors are used in the speeches and what images are conveyed through their use It was suggested that both parties have specific agendas that could be uncovered by looking at the use of specific metaphors What can these metaphors and their conveyed images tell the hearer about these agendas Are there certain agendas that the respective parties want to push at all All of these questions mark the essence of this paper First in order to understand the metaphor per se several theories are presented all with their individual approaches to metaphors In this section the Literature Review chapter the questions of what a metaphor does how it does it and its function are answered according to their respective interpretations Second the Deepwater Horizon Oil Spill will be looked at in more detail in the Background chapter Third the methodological setup will be explained The results of the analysis and their discussion and interpretation can be found in chapters 5 and 6 respectively
