Ignaaas Devisch, 2013-05-23 This book remedies a gap in the on going debate on community by a transparent and thorough analysis of the work of French philosopher Jean Luc Nancy **Stalinism and Nazism** Henry Rousso, Richard Joseph Golsan, 2004-01-01 In this volume Europe s leading modern historians offer new insights into two totalitarian regimes of the twentieth century that have profoundly affected world history Nazi Germany and the Stalinist Soviet Union Until now historians have paid more attention to the similarities between these two regimes than to their differences Stalinism and Nazism explores the difficult relationship between the history and memory of the traumas inflicted by Nazi and Soviet occupation in several Eastern European countries in the twentieth century The first part of the volume explores the origins nature and organization of Hitler s and Stalin s dictatorial power the manipulation of violence by the state systems and the comparative power of the dictator s personal will and the encompassing totalitarian system The second part examines the legacies of the Nazi and Stalinist regimes in Eastern European countries that experienced both Stalinism and Nazism features the latest critical perspectives on two of the most influential and deadly political regimes in modern history

Questions of Cultural Identity Stuart Hall, Paul du Gay, 1996-04-04 Why and how do contemporary questions of culture so readily become highly charged questions of identity The question of cultural identity lies at the heart of current debates in cultural studies and social theory At issue is whether those identities which defined the social and cultural world of modern societies for so long distinctive identities of gender sexuality race class and nationality are in decline giving rise to new forms of identification and fragmenting the modern individual as a unified subject Questions of Cultural Identity offers a wide ranging exploration of this issue Stuart Hall firstly outlines the reasons why the question of identity is so compelling and yet so problematic The cast of outstanding contributors then interrogate different dimensions of the crisis of identity in so doing they provide both theoretical and substantive insights into different approaches to understanding identity *Concours*
