[Leaders Eat Last Deluxe](#) Simon Sinek, 2014-01-07 The Deluxe Edition of *Leaders Eat Last* now with an expanded chapter and appendix on leading millennials includes over 30 minutes of exclusive video and 30 minutes of audio of Simon Sinek The acclaimed bestselling author of *Start With Why* and *Together is Better* delves deeper into book's themes and shares additional examples and insights Imagine a world where almost everyone wakes up inspired to go to work feels trusted and valued during the day then returns home feeling fulfilled This is not a crazy idealized notion Today in many successful organizations great leaders create environments in which people naturally work together to do remarkable things In his work with organizations around the world Simon Sinek noticed that some teams trust each other so deeply that they would literally put their lives on the line for each other Other teams no matter what incentives are offered are doomed to infighting fragmentation and failure Why The answer became clear during a conversation with a Marine Corps general Officers eat last he said Sinek watched as the most junior Marines ate first while the most senior Marines took their

place at the back of the line What's symbolic in the chow hall is deadly serious on the battlefield Great leaders sacrifice their own comfort even their own survival for the good of those in their care Too many workplaces are driven by cynicism paranoia and self interest But the best ones foster trust and cooperation because their leaders build what Sinek calls a Circle of Safety that separates the security inside the team from the challenges outside Sinek illustrates his ideas with fascinating true stories that range from the military to big business from government to investment banking

**Leaders Eat Last** Simon Sinek, 2017 The highly anticipated follow up to the acclaimed bestseller Start With Why Simon Sinek's mission is to help people wake up every day inspired to go to work and return home every night fulfilled by their work His first book Start With Why offered the essential starting point explaining the power of focusing on WHY we do what we do before getting into the details of WHAT and HOW Start With Why became an instant classic with a loyal following among Fortune 500 companies entrepreneurs nonprofits governments and the highest levels of the U S Military Now Sinek is back to reveal the next step in creating happier and healthier organizations He helps us understand in simple terms the biology of trust and cooperation and why they're essential to our success and fulfillment Organizations that create environments in which trust and cooperation thrive vastly outperform their competition And not coincidentally their employees love working there But truly human cultures don't just happen they are intentionally created by great leaders Leaders who in hard times would sooner sacrifice their numbers to protect their people rather than sacrifice people to protect their numbers are rewarded with deeply loyal teams that consistently contribute their best efforts ideas and passion As he did in Start With Why Sinek illustrates his points with fascinating true stories from many fields He implores us to act sooner rather than later because our stressful jobs are literally killing us And he offers surprisingly simple steps for building a truly human organization
