

Le Train De Pour Paris

JL Elias

Le Train De Pour Paris:

Camarades Julie Green, Gwen Berwick, 2001 Designed to meet the needs of wide ability classes the *Camarades* French course is divided into four units and fulfils the criteria of the National Curriculum 5 14 Guidelines fully preparing all pupils for GCSE Standard Grade examinations The Teacher's Book contains an overview of each unit offers clear concise teaching notes provides notes for the four assessment sections and the answers to all Pupil's Book exercises and comprises tapescripts in sequence that are highlighted for ease of reference **The Studio**, 1910 *Get Started in Beginner's French: Teach Yourself* Catrine Carpenter, 2010-06-25 Are you looking for a course in French written for the absolute beginner who has no experience of learning a foreign language *Get Started in French* will give you the confidence to communicate in French Now fully updated to make your language learning experience fun and interactive You can still rely on the benefits of a top language teacher and our years of teaching experience but now with added learning features within the course and online The emphasis of the course is placed on communication rather than grammar and all the teaching is in English so that you will quickly and effortlessly get started in French By the end of this course you will be at Level B1 of the Common European Framework for Languages Can deal with most situations likely to arise whilst travelling in an area where the language is spoken Learn effortlessly with new full colour easy to read page design and interactive features NOT GOT MUCH TIME One five and ten minute introductions to key principles to get you started AUTHOR INSIGHTS Lots of instant help with common problems and quick tips for success based on the author's many years of experience USEFUL VOCABULARY Easy to find and learn to build a solid foundation for speaking DIALOGUES Read and listen to everyday dialogues to help you speak and understand fast PRONUNCIATION Don't sound like a tourist Perfect your pronunciation before you go TEST YOURSELF Tests in the book and online to keep track of your progress EXTEND YOUR KNOWLEDGE Extra online articles at www.teachyourself.com to give you a richer understanding of the culture and history of France TRY THIS Innovative exercises illustrate what you've learnt and how to use it The course is available as a book 9781444100709 as a pack comprising the book and double CD 9781444100716 and as a double CD 9781444100723 **Student's book** Sylvia Honnor, Heather Mascie-Taylor, 2001 This course features a rigorous and comprehensive approach to grammar progression with clear explanations and extensive practice motivating and challenging topics and tasks set in authentic contexts to enable students to reach their full potential clear and attractively designed pages with humorous and stimulating artwork user friendly vocabulary and grammar reference sections to encourage independent learning and end of unit summaries to provide a clear learning framework *The Phonetic Guide to French* Matthew Lawry, 2011-04-05 This book is about learning the phrases and sentences and getting to grips with saying the language without going into the grammar first In that way you can have fun in learning how to say certain things and also you do not come up against stumbling blocks and frustrations The idea behind this thinking was because when I was a child my parents used to tell me words before they taught me how to do the

alphabet so I thought that was a better way round get used to the language first I wrote this book to how I thought the student of the language could assimilate and understand it and get a basic grounding of the language I thought to myself what was the best thing to learn first for instance what the difference between masculine and feminine what does the accent mean so I put this information in the chapter header pages so then I could use more space to actually learning the language I have also put in a conceptual stage so then you can think about the language for instance English has quite a few routes to it like Latin so quite a few words are very similar even though the accent can throw us off It sounds like proper English for instance catgorie which means category in French which is nearly the same in English I believe there is no right or wrong way to learn it depends on what you want it for you may want to practise it on holiday or you may want to read the French newspapers so sometimes you do not necessarily have to learn the alphabet or the grammar I like to read newspapers on holiday and watch films in French that is why I wanted to learn it I hope you enjoy this book as much as I have in writing it
