Living Beyond Yourself Paul Hillman, 2021-02-17 The focus of this book *Living Beyond Yourself* is a self motivated book as it relates to Self Esteem and Self Motivation It's a book that let the readers discover a new look about themselves different from how the World sees them Many people put their pictures on Facebook Whatsapp Twitter Instagram etc because they are looking for comments and likes while some refused to show their pictures because they think less of themselves However it's not about what people think or the many likes It's about what the person think of himself or herself Imagine someone received one thousand likes yet the person refused to love himself What difference would he made This book was written with the tools and for you to see yourself for who you really are A book about self confidence self control and to take your mind to another level of thinking It is to remind you that you were fearfully wonderfully and perfectly created This means there's no mistake about the person you really are The world's imagination is for you to see yourself different It's the World desire to label you and to price you then change your value However *Living Beyond Yourself* is to live beyond how the World sees you Because you were perfectly created no one can have your shape or your finger print No one can have your D N A The reason so is you are
