Story Stretchers for the Primary Grades Shirley C. Raines, Robert J. Canady, 1992 A collection of ideas for activities to use in conjunction with over 90 children's books Teaching the Common Core Literature Standards in Grades 2-5 Lisa Morris, 2015-07-16 Shifting your literature instruction to meet the Common Core can be tricky The standards are specific about how students should analyze characters themes point of view and more In this new book Lisa Morris makes it easy by taking you through the standards and offering tons of practical strategies tools and mentor texts for grades 2-5 She shows you how to combine the standards into effective units of study so that you can teach with depth rather than worry about coverage Topics covered include Teaching questioning inferring and author's purpose Guiding readers to look at themes and write summaries Showing students how to recognize structural elements of literature Teaching the craft of writing and vocabulary development and Helping students analyze characters and character development Throughout this highly practical book you'll find a variety of charts and other graphic organizers that can be easily adapted for classroom use A list of suggested mentor texts is also available as a free eResource from our website www.routledge.com/books/details/9781138856172 *Collaborative Strategies for Teaching Reading Comprehension* Judi Moreillon, 2007-02-26 Presents a collection of collaborative strategies for classroom teachers and librarians designed to help improve students reading comprehension **Revisiting the Reading Workshop** Barbara Orehovec, Marybeth Alley, 2003 Strategies and activities to develop an effective reading workshop program **Making Sense** Juli Kendall, Outey Khuon, 2005 Reading is all about understanding Many English language learners simply do not understand what they are reading whether it's a picture book a literature selection or a science textbook Juli Kendall and Outey Khuon believe that small group comprehension lessons have a key role to play in advancing students understanding of texts Making Sense provides answers to many common questions asked by teachers of English language learners How do we organize small group comprehension instruction How do we select books to teach strategies How do we know our kids are getting it and what do we do when they don't get it It is an easy to use practical resource for ELD ESL and ESOL pull out teachers and for push in teachers working in class to support English language learners The book's five main sections are geared to the stages of language proficiency and lessons are divided into younger and older students spanning kindergarten through grade 8 The authors outline fifty-two lessons that teach students how to make connections ask questions visualize make mental images infer determine importance and synthesize Each lesson follows a four-part teaching framework Start Up Connection helping students build background and use prior knowledge to connect to the lesson Give Information explicitly telling students what they are going to learn and why they are learning it and then teaching them Active Involvement often occurs during the teaching as students practice what they are learning while the teacher checks for understanding and monitors and adjusts instruction Off You Go opportunities for students to practice what they learned with peers or independently Making Sense also explores the stages

of language proficiency through descriptions of ten English language learners of different ages A chart of student characteristics for each stage shows how students demonstrate understanding and outlines the implications for planning instruction This book will appeal to experienced teachers seeking to expand their repertoire of lessons as well as new teachers just beginning the adventure of teaching comprehension to English language learners **Houghton Mifflin**

Reading David J. Cooper,2003 Teaching Is Inquiry Cynthia Ballenger,2025 Many teachers maintain commitments to ideas and practices that they rarely question Among these assumptions are ideas about children and the variety of reasons as to how they might learn or fail to learn Teaching as inquiry is the practice of gaining distance from one s assumptions about teaching and learning to better serve all children including those struggling in school Ballenger shares stories from her experiences demonstrating that children are always thinking and always making sense and going further that the ideas of our most puzzling students lead us to new recognition of what thinking looks like Readers will learn how teaching with documentation and reflection develops and deepens their practice over time Divided into three sections chapters address the framework for inquiry language and reading groups and the interests of particular children with special needs in relation to the curriculum Teaching Is Inquiry details the practices of teacher inquiry with a series of sometimes sad sometimes joyful stories from the classroom Book Features Urges teachers to move beyond the first look or more superficial understandings of students Demonstrates the value of documentation in order to better understand the ideas of a wide range of students including those identified as struggling Showcases the author s powers of observation that have inspired many teachers inquiry into their own practice Offers reflections that are both complex and open to further interpretation on the part of readers Extends the author s examination of puzzling moments encounters with students that may be difficult to comprehend or do not conform to more typical interactions **All Kinds of Friends** Roger C.
