Transition to Secondary School Alice Deignan,Duygu Candarli,Florence Oxley,2022-12-30 This book provides a unique
analysis and description of the linguistic challenges faced by school students as they move from primary to secondary school
a major transition which some students struggle with emotionally and academically The study draws on a bespoke corpus of
2 5 million words of written materials and transcribed classroom recordings provided by the project s partner schools
combines quantitative and qualitative approaches to the corpus data to explore linguistic variation across school levels
registers and subjects describes the procedures of corpus compilation and analysis of written and spoken academic language
showing how modern corpus tools can be applied to this far reaching social and educational issue uncovers differences and
similarities between the academic language that school children are exposed to at primary and secondary school contrasting
this against the backdrop of the non academic language that they encounter outside school This book is important reading
for advanced students and researchers in corpus linguistics applied linguistics and teacher education It carries implications
for policymakers and schools looking to support students at this critical point in their schooling The Open Access version of
