## **Little Still Beats Market:**

**The Little Book That Still Beats the Market** Joel Greenblatt, 2010-09-07 In 2005 Joel Greenblatt published a book that is already considered one of the classics of finance literature In The Little Book that Beats the Market a New York Times bestseller with 300 000 copies in print Greenblatt explained how investors can outperform the popular market averages by simply and systematically applying a formula that seeks out good businesses when they are available at bargain prices Now with a new Introduction and Afterword for 2010 The Little Book that Still Beats the Market updates and expands upon the research findings from the original book Included are data and analysis covering the recent financial crisis and model performance through the end of 2009 In a straightforward and accessible style the book explores the basic principles of successful stock market investing and then reveals the author's time tested formula that makes buying above average companies at below average prices automatic Though the formula has been extensively tested and is a breakthrough in the academic and professional world Greenblatt explains it using 6th grade math plain language and humor He shows how to use his method to beat both the market and professional managers by a wide margin You'll also learn why success eludes almost all individual and professional investors and why the formula will continue to work even after everyone knows it While the formula may be simple understanding why the formula works is the true key to success for investors The book will take readers on a step by step journey so that they can learn the principles of value investing in a way that will provide them with a long term strategy that they can understand and stick with through both good and bad periods for the stock market As the Wall Street Journal stated about the original edition Mr Greenblatt says his goal was to provide advice that while sophisticated could be understood and followed by his five children ages 6 to 15 They are in luck His Little Book is one of the best clearest guides to value investing out there [The Little Book That Beats the Market](#) Joel Greenblatt, 2005-11-15 Praise for The Little Book That Beats the Market A landmark book a stunningly simple and low risk way to significantly beat the market Michael Steinhardt the Dean of Wall Street hedge fund managers Simply perfect Joel has made beating the market both simple and clear One of the most important investment books of the last 50 years Michael F Price MFP Investors LLC and called Wall Street's Foremost Value Investor by Fortune magazine A GUIDE TO BEATING THE MARKET FOR ALL AGES Two years in Business school won't teach you how to beat the market Two hours with The Little Book That Beats the Market will Let Joel Greenblatt founder and a managing partner at Gotham Capital with average annualized returns of 40% for over twenty years show you how beating the market can be made simple and easy The Little Book That Beats the Market does more than simply set out the basic principles for successful stock market investing it provides a magic formula that is easy to use and makes buying good companies at bargain prices automatic Though the formula has been extensively tested and is a clear breakthrough in the academic and professional world the commonsense method is convincingly explained using sixth grade math skills plain language and humor Readers will learn how to use this low risk method to beat the market and

professional managers by a wide margin Along the way readers will also learn how to view the stock market why success eludes almost all individual and professional investors and why the formula will continue to work even after everyone knows it
