Melt Pour Recipe Soap:

Diy Natural Melt and Pour Soap Crafting Molly Barrett, 2017-10-13 DIY Natural Melt and Pour Soap Crafting Ultimate Guide to Making Selling Colorful Natural Soaps Paraben Sulfate and Triclosan are some of the ingredients in commercial soap that I never questioned until I began making soap at home That s when my curiosity got the best of me After finding just these three I wanted to call a truce to look for dangerous additives in what I used and worse yet my children used to clean That s when I thought I found the fourth one Fragrance How in the world could something that sounds as harmless as fragrance possibly damage your skin How wrong I was The definition of fragrance was a far cry in meaning than the one on the soap label I began making soap because it was a fun hobby I could share with my children I continued because it morphed into a successful small business But I m now compelled to continue knowing that I m contributing to the health of my family Before we get into the actual soap making I do share my findings about just these four potentially harmful ingredients found in too many soaps and body washes I am sure you will be shocked to read it But let s move on and talk about what more is in this book I wanted to arrange the chapters in a logical order So you are not confused as I was when I first started I start off with what and how commercial soap can harm you and your family I dug deep and found out the truth Then I explain all three soap making process and why Melt and Pour method is the best and easiest to use Next I show you what supplies and equipment you will need and their approximate cost In the next chapter I guide you through a step by step soap making process chapter 4 After that we discuss everything under the sun about molds you can use and all of their different variations and types chapter 5 Chapter 6 is all about adding colors and how to use the color wheel Next up is essential oils which give your soap its scent and a great natural healing power Chapter 7 After that it is all about my favorite recipes chapter 8 next I share 15 soap coloring tricks that may truly surprise you yes they are that good really chapter 9 And lastly in chapter 10 it is all about how to start run and grow your soap business right from home After reading the book you will become a master on how to make homemade soap using melt pour soap making method You will also learn about all soap making supplies my favorite soap making recipes and most importantly you will know the difference between store bought commercial soap vs all natural and organic soap made right at home If you have any question I have added my personal email address at the end of the book so you can contact me

How to Make Melt and Pour Soap Base from Scratch Kayla Fioravanti, 2011-05-01 This is the first book published with recipes methodology and tips on how to make Melt and Pour Soap from Scratch It is written from the perspective of a Cosmetic Formulator on the production of the popular cosmetic base known as Melt and Pour Soap Whether you are a crafter hobbyist or business owner this book has everything that you need This book give you guidance on how as a small home based business you can follow the regulations labeling laws and industry standards for selling soap and cosmetics My entire journey into the cosmetic industry started with Melt and Pour Soap shortly after I discovered aromatherapy The roots of our business Essential Wholesale all started in December of 1998 Over the years we moved from our home kitchenette to a 600 square foot space to a 2500 square foot building to a 10 000 square foot space in a bigger building and from there we have expanded into 30 000 square feet of that same building In 2011 our business will be moving to an even larger 58 000 square foot building As our business expanded we began to focus on natural cosmetics and personal care products However I never lost my curiosity and fascination with Melt and Pour Soap Our relationship with Melt and Pour Soap changed over the years At first we sold retail customized Melt and Pour Soaps We then bought and sold the company Critter Soaps Later we sold thousands of pounds worth of wholesale Melt and Pour Soap base and eventually discontinued selling Melt and Pour Soap because the price kept rising At the time Melt and Pour Soap was the only cosmetic base we sold that we didn t manufacture ourselves It simply didn t make sense to wholesale someone else s base when our business model had changed to selling only the bases we manufactured ourselves It was at this point in our business that I decided it was time to formulate our own Melt and Pour Soap ourselves It didn t take long to have working formulas but at that moment we were using up every inch of space in our 30 000 square foot building We were bursting at the seams and couldn t accommodate the manufacturing and cooling of the Melt and Pour Soap Base in bulk Our space was so tight we couldn t possibly cool an 8 000 lb batch of Melt and Pour Soap base into multiple 1 lb 20 lb and 40 lb blocks to sell in bulk But we got continued requests to manufacture and sell Melt and Pour Soap base My solution is this book I decided to share these basic recipes with you to give you the freedom to make your own Melt and Pour base in the quantities that work best for your business These recipes will teach you the foundational information that you need and give you tips on how to customize your base

Soap Making From Scratch April Weatherly, 2014-01-23 Natural soap is a great way to keep yourself clean without exposing your skin to harsh chemicals dyes and scents Making that natural soap at home is a great way to ensure that you are getting exactly what you want in your soap However not everyone wants to make their own soap Lye a caustic chemical used in making soap can be extremely dangerous and frightening for inexperienced soap makers Luckily there is a way to make natural soap at home without using lye If you want to learn the secrets of the art then Soap Making from Scratch by April Weatherly is the best book for you to use to get started Commercial soap is full of

chemicals that are hard to pronounce Chemicals are added in to create lather add shine give the soap color and scent and preserve the bar for longer times On the other side natural soaps are made from thing you can both pronounce and understand like goat s milk olive oil and your favorite essential oils April learned that lye that is commonly used in soaps is dangerous It is poisonous is accidentally swallowed by young children or pets It can also cause serious chemical burns if spilled This is why many people are looking for ways to make natural soaps without lye Unfortunately there is no true soap without lye yet you can skip the lye process by using melt and pour soaps There are several melt and pour glycerin soap kits that you can use to make your own natural soaps Learn the trade secrets of making safe soap in Soap Making from Scratch
