Memorandum History Paper 1 September 2014

**Nicolai Kryloff, Joshua Ryan
Pollarine, Lindsey Weaver**

Memorandum History Paper 1 September 2014:

Crimea, Global Rivalry, and the Vengeance of History Hall Gardner, 2016-04-30 Gardner examines the causes and consequences of Russia's annexation of Crimea. By analyzing alliance formations and the consequences of other annexations in world history, the book urges an alternative US NATO European Japanese strategy toward both Russia and China in the effort to prevent a renewed arms race if not global war.

Deutsche Bank: The Global Hausbank, 1870 - 2020 Werner Plumpe, Alexander Nützenadel, Catherine Schenk, 2020-03-05 A comprehensive history of one of the major players in the world of international finance. Over the course of its 150-year history, Deutsche Bank has established itself as a major player in the world of international finance but has also been confronted by numerous challenges that have changed the face of Europe from two world wars to the rise and subsequent fall of communism. In this major work on the bank's history, Werner Plumpe, Alexander Nützenadel, and Catherine R. Schenk deliver a vibrant account of the measures the bank undertook in order to address the profound upheavals of the period as well as the diverse and unusual demands it had to face. These included the First World War which brought the world's first period of globalization to a sudden and dramatic end but also the development of the predominantly national framework within which the bank had to operate from 1914 until the fall of the Berlin Wall in 1989. More recently, the focus has shifted back to European and global activities with Deutsche Bank forging new paths into the Anglo American capital markets business so opening another extraordinary chapter for the bank.

The Routledge History of Genocide Cathie Carmichael, Richard C. Maguire, 2015-05-01 The Routledge History of Genocide takes an interdisciplinary yet historically focused look at history from the Iron Age to the recent past to examine episodes of extreme violence that could be interpreted as genocidal. Approaching the subject in a sensitive, inclusive, and respectful way, each chapter is a newly commissioned piece covering a range of opinions and perspectives. The topics discussed are broad in variety and include genocide and the end of the Ottoman Empire, Stalin and the Soviet Union, Iron Age warfare, genocide and religion, Japanese military brutality during the Second World War, heritage and how we remember the past. The volume is global in scope, something of increasing importance in the study of genocide. Presenting genocide as an extremely diverse phenomenon, this book is a wide-ranging and in-depth view of the field that will be valuable for all those interested in the historical context of genocide.

Ukraine Over the Edge Gordon M. Hahn, 2018-02-08 The Ukrainian crisis that dominated headlines in fall 2013 was decades in the making. Two great schisms shaped events: one within Ukraine, its western and southeastern parts divided along cultural and political lines; the other was driven by geopolitical factors. Competition between Russia and the West exacerbated Ukraine's divisions. This study focuses on the historical background and complex causality of the crisis from the rise of mass demonstrations on Kiev's Maidan Nezalezhnosti (Independence Square) to the making of the post-revolt regime. In the context of a new cold war, the author sheds light on the role of radical Ukrainian nationalists and neofascists in the February 2014 snipers massacre, the ouster of President Viktor Yanukovich, and Russia's seizure of Crimea.

and involvement in the civil war in the eastern region of Donbass

The Failure of the Voice Referendum and the

Future of Australian Democracy

Gabrielle Appleby, Megan Davis, 2026-01-13 Australia and Australians stood at a crossroads in October 2023. Before them lay a new and more accommodating way to practice democracy: a future in which First Nations people were given a representative voice in political decisions in this country. After months of a referendum campaign struggling over foundational ideals and questions of national identity, misinformation, disinformation, and racism, the proposal was overwhelmingly rejected in every Australian state and nationally. The referendum campaign was Australia's first since the failed attempt at a republic in 1999. The political and media environment in which the referendum campaign would unfold was fundamentally changed. These changes included the growth of social media, growing distrust of major political parties, and the rise of fake news and populist politics. This book brings together a diverse set of perspectives to explore the many and complex political, social, and historical factors that influenced the conduct of the campaign and led to the loss. It includes contributions from lawyers, political scientists, historians, human rights experts, health policy experts, land rights campaigners, and Indigenous affairs policy experts. The contributors in this book include First Nations and non-Indigenous authors often writing collaboratively. The majority of the views offered, based in expertise and experience, are those of First Nations. Their writings place the referendum loss in the context of political failure and attempts at structural reform and Australia's terrible record at amending the Constitution through referendums. The book traces the legal and political development of the draft constitutional provision and the influence of legal risk on the campaign. A major focus of the book is the impact of misinformation and disinformation, which was rife during the campaign and media reporting of it. The role that civil society and corporate Australia played in the campaign is considered. The Voice campaign will be placed in the context of Aboriginal and Torres Strait Islander politics and previous attempts at representation. The book will also place the call for Voice in the context of its ongoing relevance and imperative in Aboriginal and Torres Strait Islander affairs, explaining the power of representation, the Voice as an expression of sovereignty, and the need for Voice to pursue other structural reforms such as treaty and to realise the promise of land rights. The book concludes by reflecting on the role that history played in the campaign and the implications of the campaign for the practice of Australian history. The book holds lessons for future constitutional change, Indigenous recognition, structural reform, and Australia's democracy. It also looks with constructive pragmatism at the future direction of First Nations structural reform in Australia and the practice of democracy.

Economics for People and the Planet James Boyce, 2019-01-16 *Economics for People and the Planet* a collection of essays by James K. Boyce on the environment, inequality, and the economy argues that there is not an inexorable trade-off between advancing human well-being and having a clean and safe environment. The goal of economic policy should be to grow the good things that improve our well-being and environmental quality and reduce the bad things that harm humans and nature. To reorient the economy for these ends, we will need to achieve a more egalitarian distribution of wealth and power. Global

climate change the most pressing environmental challenge of our time adds urgency to this task and creates historic opportunities for moving towards a greener future The audiobook version of Economics for People and the Planet features new chapters on the Green New Deal and the environmental costs of inequality Foreword by Manuel Pastor

Saskatchewan History ,2016 **Building Strong in Korea** Nicolai Kryloff,Joshua Ryan Pollarine,Lindsey Weaver,2019 America, History and Life ,1982 Provides historical coverage of the United States and Canada from prehistory to the present Includes information abstracted from over 2 000 journals published worldwide **Yearbook of International Organizations 2014-2015 (Volume 4)** Union Of International Associations,Union of International Associations,2014-09-17 The Yearbook of International Organizations provides the most extensive coverage of non profit international organizations currently available Detailed profiles of international non governmental and intergovernmental organizations IGO collected and documented by the Union of International Associations can be found here In addition to the history aims and activities of international organizations with their events publications and contact details the volumes of the Yearbook include networks between associations biographies of key people involved and extensive statistical data Providing both an international organizations and research bibliography Volume 4 cites over 46 000 publications and information resources supplied by international organizations and provides nearly 18 000 research citations under 40 subject headings This volume also includes a research bibliography on international organizations and transnational associations Canada in NORAD, 1957-2007 Joseph T. Jockel,2007 What continental air defence has meant to the Canadian air force and Canadian airspace and territory *Dictionary Catalog of the History of the Americas* New York Public Library. Reference Dept,1961 *General Catalogue of Printed Books to 1955* British Museum. Dept. of Printed Books,1967 **Palace of State** Thomas E. Luebke,2018 Towering over the White House the colossal granite Dwight D Eisenhower Executive Office Building EEOB was first constructed to house the departments of State War and Navy in the nineteenth century and it now serves as the home of the Executive Office of the President Having outlasted decades of plans threatening alteration or outright demolition the building survives as one of the foremost examples of Second Empire design in the United States Palace of State details the building s rich architectural and historical legacy from the beginnings of federal civic architecture in Washington to its construction as the world s largest office building after the Civil War and culminating in the recently completed restoration process that began in the 1980s Featuring beautifully rendered architectural drawings historic images and lush contemporary photography this illustrated history presents a comprehensive study of an iconic landmark that continues to serve in its role as a monumental setting for statecraft **The North Carolina Historical Review** ,2018 *The Journal of Biolaw & Business* ,2004 *Australian Government Publications* National Library of Australia,1983 **Мировая экономика и международные отношения** ,2015 *The Papuan Languages of Timor, Alor and Pantar* Antoinette Schapper,2014 These volumes present descriptive sketches of the Papuan languages scattered over the islands of Timor Alor

and Pantar Together they comprise an authoritative and comprehensive overview of the unique and diverse grammars of the Timor Alor Pantar languages The Timor Alor Pantar languages are a group of related Papuan outliers located at the western perimeter of the Melanesian area which until recently were largely undocumented European Futures Attila Ágh,László Vass,2013
