Lirio And Azucena In Lorcas Poetry And Drama:

Lorca, una escritura en trance Candelas Newton, 1992-08-06 Lorca's poetry is founded upon a complex symbolical system of recurring motifs This book analyses a number of those motifs as poetic signs through a contextual reading of *Libro de poemas* 1921 and *Diván del Tamarit* 1940 as the initial and final stages of Lorca's career The sexual and religious crisis voiced in *Libro de poemas* achieves poetic articulation through the sign of the star while the betrayal of childhood's fairytale is evidenced in the sign of the moon *Diván del Tamarit* exemplifies the trancelike writing of the poetry of opening up one's veins as an activity developing between the desire for a word that will capture plenitude and the word's impenetrability to fix an impulse that in itself resists any determinacy *Modern Drama Scholarship and Criticism 1981-1990* Charles A. Carpenter, 1997 A selective list of publications for the period offering some 25 200 entries no annotations arranged by nationality and linguistic groups Most entries concern literary currents in drama since the last third of the 19th century playwrights who lived at least part of their lives in the 20th century noted directors and performance theory For students and scholars of modern dramatic literature While annual supplements of recent publications appear in the journal *Modern Drama* new compilers took a publication date of 1991 as their starting point for listings leaving some 2 000 items collected after 1992 appearing only in this volume Annotation copyrighted by Book News Inc Portland OR *Son of Andalusia* Cyril Brian Morris, 1997 A pathbreaking account of the influence and context of Andalusian life and art in the poetry and drama of Federico Garcia Lorca Andalusia was the central feature and influence in the life and writings of the twentieth century author musician and artist Federico Garcia Lorca Rooted in his native region which both captivated and shaped him Lorca maintained that The better a writer learns how to interpret the landscape the greater the artist he will be Blessed with an acute historical sense of a region where the past is both present and enduring Lorca proved himself sensitive and articulate enough to interpret the emotion of the landscape in all of his creative work For Lorca Andalusia was a landscape not only of place but of people Through exhaustive research and painstaking readings in a wide range of anthologies of Andalusian folk culture and collections of popular verse author C Brian Morris reveals how Lorca transformed and veiled real people and real places in his poetry and drama Exploring subjects ranging from medieval ballads to flower and plant lore he further investigates the relationship between Lorca and the writings of other Andalusian born authors as well as traditional Andalusian poetry and song Juxtaposing this material with well chosen quotations from Lorca's works Morris provides myriad examples of analogy and reminiscence that will inform and enlighten both general readers and Lorca specialists
