Dear two family,

My name is XXXXX and I would like to describe myself with this letter. I was always a great dream of mine to live and work in a foreign country and I am really excited that it will become reality soon. I would like to go to Ireland because I think it is a beautiful country with its beautiful lakes and nice "houses". I am fascinated by the marvelous landscape and how the nice people living in Ireland.

I would like to tell something about me now you something about my family.

My family is a typical American family. There are my parents, my younger brother (he is 17 years old) and me. My mother is a housewife and she is also employed as a cleaner in a doctor's practice. She is a nice and friendly person and likes to talk with other people (I also like to go out and to talk with other people).

My father works as an electrician in a private enterprise and he is the opposite of my mother because he is quiet and just wants to spend his free time with his wife.

I have a good relationship to my brother and my parents. Sometimes there is a little quarrel but I think this is normal and we try to resolve our problems together. Now it is time to talk about my parents.

I am a creative and ambitious young woman because I have a lot of ideas about my future. I am interested in all kinds of sports and for this reason I want to go to technical college which offers the branch sports, culture and event management.

In 2010 I worked in an office in my spare time where I got experience in clerical work. I helped to organize some sports events but that was not all. I worked with a team on a big project which included an advertising campaign for your house. It was hard work but now I am sure that I can say that I am very flexible and independent.

Also the work in a little bar near a lake in Carinthia. I was responsible for the whole service and in the evening also for the bar. This shows my sense of responsibility and reliability.
