Literature And Triumph Of Brahmanism:

Hinduism and Buddhism: Books 4-5. The Mahayana ; Hinduism Charles Eliot,1921 *A History of Ancient Sanskrit Literature So Far as it Illustrates the Primitive Religion of the Brahmans* Friedrich Max Müller,1859 Sanskrit and Its Kindred Literatures Laura Elizabeth Poor,1880 HEGEL, MADHYAMAKA AND SANKARA - VOID, SHUNYA AND BRAHMAN Dr. Krishnan V.H.,2025-10-01 Dr Krishnan V H explores the concept of consciousness from the perspectives of Indian and Western Philosophy comparing concepts of reality world universal God transcendent and immanent He boldly puts forth that a discussion of metaphysics requires admitting consciousness or awareness as the only Reality World is dependent on consciousness in its individuality and universality The concept of God in philosophy is a subject of theology In theology belief or faith in God takes primary place above reason Radical belief in a transcendent or immanent God has led to conflicts Challenging the idea of divinity being transcendent he puts forth that the pre requisite of our existential state is the Immanent world and not its Transcendent status We need to do an experiential synthesis of concepts than a conceptual synthesis Teleological philosophies like Vedanta are based on non differentiation of the Being and Thought as both refer to consciousness The author extends this argument to the concepts of immanent and transcendent One has to pause discrimination and view them as a Singularity or One Unit and not a Unity Thought provoking and profound insights are provided by Dr Krishnan on the various concepts of metaphysics that will engross every reader **Literature and Liberty** Allen Mendenhall,2014-02-19 The economic theories of Karl Marx and his disciples continue to be anthologized in books of literary theory and criticism and taught in humanities classrooms to the exclusion of other competing economic paradigms Marxism is collectivist predictable monolithic impersonal linear reductive in short wholly inadequate as an instrument for good in an era when we know better than to reduce the variety of human experience to simplistic formulae A person s creative and intellectual energies are never completely the products of culture or class People are rational agents who choose between different courses of action based on their reason knowledge and experience A person s choices affect lives circumstances and communities Even literary scholars who reject pure Marxism are still motivated by it because nearly all economic literary theory derives from Marxism or advocates for vast economic interventionism as a solution to social problems Such interventionism however has a track record of mass murder war taxation colonization pollution imprisonment espionage and enslavement things most scholars of imaginative literature deplore Yet most scholars of imaginative literature remain interventionists Literature and Liberty offers these scholars an alternative economic paradigm one that over the course of human history has eliminated more generic bads than any other system It argues that free market or libertarian literary theory is more humane than any variety of Marxism or interventionism Just as Marxist historiography can be identified in the use of structuralism and materialist literary theory so should free market libertarianism be identifiable in all sorts of literary theory Literature and Liberty disrupts the near monopolistic control of economic ideas in literary studies and

offers a new mode of thinking for those who believe that arts and literature should play a role in discussions about law politics government and economics Drawing from authors as wide ranging as Emerson Shakespeare E M Forster Geoffrey of Monmouth Henry Hazlitt and Mark Twain *Literature and Liberty* is a significant contribution to libertarianism and literary studies
