 Materials Methods Media and More Differentiation in the Language Classroom language English abstract The development
 of new digital technologies has changed the use of media for teaching in schools considerably But despite that literature has
 not lost its importance It is still one of the most important mediums for language learning purposes in the English as a
 foreign language EFL classroom today Furthermore literary material is not limited to the classical texts anymore This
 becomes obvious when having a look into contemporary teaching English as a foreign language TEFL school books in which a
 relevant amount of the presented material is based on literary texts not belonging to the canon The question however is how
 literature is used for language learning purposes and why it is so commonly used in TEFL contexts Therefore this paper aims
 at examining the use of literature for language learning purposes in the EFL classroom on the basis of one specific textbook
 material that makes use of a literary text The material is taken from the school book Pathway Lese und Arbeitsbuch Englisch
 zur Einf hrung in die gymnasiale Oberstufe which was published by Sch ningh in the year 2014 and is designed for grade 10
 at a grammar school Gymnasium The literary text itself is an extract from the popular fiction young adult novel The
 Namesake by Jumpa Lahiri and together with the responding tasks and classroom activities it shall serve as the basis for the
 analysis of how literature or more specifically this chosen material can support the students language learning effectively In
 order to evaluate the material it is however necessary to start with a brief description of current modern principles of foreign
 language teaching i e the approaches to effective TEFL Bearing in mind this theoretical context unfolded in chapter 2 section
 3 aims to apply this theoretical background in order to evaluate the material in question Questions that chapter 3 attempts to
 answer are for instance What are the aims of TEFL How is effective language learning perceived How can the material based
 on a piece of literature be used in class Does the material and its recommended classroom activities meet the different aims
 of TEFL In what way does the material in combination with the tasks foster effective language learning The fourth section
 will contain a critical discussion on the topic It is supposed to connect the research question the theoretical context and the
