Callcott, 2017-11-21 Excerpt from Little Arthur's History of England Though I have not the happiness to be a mother my love of children has led me to think a good deal about them Their amusements and their lessons This little history was written for a real little arthur and I have endeavoured to write it nearly as I would tell it to an intelligent child I well remember what I wanted to be told myself in addition to what I found in my lesson book when I was first allowed to read the History of England and I hope I have answered most of the questions I recollect to have wished to ask I may have failed in satisfying the almost boundless inquiries of intelligent children and I could wish that the mother or governess who may put this little book into the hands of her pupils would read each chapter herself before she gives it to a child that she may be ready with answers to such questions as the chapter may suggest About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *Little Arthur's History of England* Lady
