Major League Baby Maker Tamara Adams,2014-11-04 Peter Jackson is the top paid athlete in the country He has it all But he s tired of dating vain starlets and brainless pop stars He wants a baby but not the baby mama to go with it Instead of shelling out child support he decides to hire a clean innocent girl pay her a million dollars and impregnate her Jasmine Bishop is trying to figure out a way to pay for the Ivy League University that accepted her Her merit scholarship just won t cover it and her kid brother has an illness that takes all of her single mothers money and time When she is approached on campus by the recruiter she is willing to sign anything when he tells her how much money is involved Peter isn t expecting the shy beauty he meets in the hotel room to be a virgin Nor is he expecting her to stir so many protective feelings in his previously hardened heart But as he takes her body again and again will he forget the real reason he hired her God in the Bullpen: The Randy Lerch Story Randy Lerch,2019-08-16

God in the Bullpen How else would one describe the One who rescued a major league pitcher Many professional athletes have experimented with drugs When I was told by a respected veteran that I would never make it in the major leagues without amphetamines I trusted him and took them They gave me a feeling of invincibility but they hurt my performance Soon the greenies became a habit and eventually I washed them down with alcohol Of course that became a habit too Eventually addiction led to failed rehabilitation efforts and an automobile accident while driving impaired that nearly took my life When I reached the lowest point ever the ultimate relief pitcher God came from the bullpen and saved my life I was later diagnosed with cirrhosis My liver was incurably damaged by the alcohol With His help I am battling this but only God can know how much time I have left I want to tell my story to help others avoid the pitfalls that brought me to a time of despair I also want to tell you that the LORD can help you if you will give your life to Him and He will give you eternal life in Heaven **Making Lemonade out of Lemons** José M. Alamillo,2023-03-20 Out of the lemons handed to Mexican American workers in Corona California low pay segregated schooling inadequate housing and racial discrimination Mexican men and women made lemonade by transforming leisure spaces such as baseball games parades festivals and churches into politicized spaces where workers voiced their grievances debated strategies for advancement and built solidarity Using oral history interviews extensive citrus company records and his own experiences in Corona Jos Alamillo argues that Mexican Americans helped lay the groundwork for civil rights struggles and electoral campaigns in the post World War II era Making Sense of Sports Ellis Cashmore,2010-09-13 Ellis Cashmore s unique multidisciplinary introduction to the study of sport in its cultural context reaches its fifth edition which comes enhanced with new chapters new features and access to a new online resource center New material includes discussions of Islam exercise culture sports management and the morality of sport The addition of self assessment tests PowerPoint presentations glossary and original podcasts of the author in conversation with leading scholars of sport supplement the book s value as a teaching instrument **The Cultural Encyclopedia of Baseball, 2d ed.** Jonathan Fraser Light,2016-03-25 More than any other

sport baseball has developed its own niche in America's culture and psyche. Some researchers spend years on detailed statistical analyses of minute parts of the game while others wax poetic about its players and plays. Many trace the beginnings of the civil rights movement in part to the Major League's decision to integrate and the words and phrases of the game, for example pinch hitter and out in left field, have become common in our everyday language. From AARON HENRY onward, this book covers all of what might be called the cultural aspects of baseball as opposed to the number-rich statistical information so widely available elsewhere. Biographical sketches of all Hall of Fame players, owners, executives, and umpires, as well as many of the sportswriters and broadcasters who have won the Spink and Frick awards, join entries for teams, owners, commissioners, and league presidents. Advertising agents, drafts, illegal substances, minor leagues, oldest players, perfect games, retired uniform numbers, superstitions, tripleheaders, and youngest players are among the thousands of entries herein. Most entries open with a topical quote and conclude with a brief bibliography of sources for further research. The whole work is exhaustively indexed and includes 119 photographs.

*Film Actors*, 2002      *California and the Making of Modern Sport* Joel S. Franks, 2025-09-30

This book examines the importance of California, a socio-cultural, economic, and political powerhouse in the history of modern sport. It argues that California has had a profound influence, for better or worse, on the way that not only America but also the wider world plays sport and spends money to watch others play. The book traces the history of sport in California from the mid-nineteenth century to the present and looks at how the state's historical development, its climate, and its unique racial and ethnic demographics have influenced sport at the elite level and in the wider community. It considers the importance of spatial politics and cultural citizenship in the development of Californian sport and tells the story of how franchises such as the 49ers and the Lakers, as well as individual athletes such as Jackie Robinson and Billie Jean King, have had a profound influence on the way their sports have been consumed across America and in the wider world. The book also takes a close look at the impact of mega-sporting events in the Californian story, providing historical context for the LA 2028 Olympic Games and tracing the full arc of the Californization of modern sports. This is fascinating reading for anybody with an interest in sport history, American history, social and cultural history, or the relationship between sport and wider society.
