## **Memorandum For November 2014 Marketing Management:**

International Investment Management Kara Tan Bhala, Warren Yeh, Raj Bhala, 2016-04-14 International Investment Management Theory Practice and Ethics synthesizes investment principles Asian financial practice and ethics reflecting the realities of modern international finance These topics are studied within the Asian context first through the medium of case studies and then via the particular conditions common in those markets including issues of religion and philosophy This book has a three part structure beginning with the core principles behind the business of investments including securities analysis asset allocation and a comprehensive analysis of modern finance theory This gives students a comprehensive understanding of investment management by going through the theories ethics and practice of investment management This text provides a detailed overview of International Banking Law and International Securities Regulation alongside legal and ethics case studies which are located in the practice section of the book This book is an essential text for business and law school students who wish to have a thorough understanding of investment management It is also perfect as a core text for undergraduate finance majors and graduate business students pursuing a finance and or business ethics concentration with particular focus on Asia

Regulating Information Asymmetry in the Residential Real Estate Market Devin Lin, 2017-07-06 This book conducts a detailed examination of the current form of the Hong Kong residential property regulatory system the 2013 Residential Properties Firsthand Sales Ordinance Cap 621 The author sheds light on how the new legislation promotes a number of values including information symmetry consumer protection the free market and business efficacy It provides a detailed account of how the regulatory mechanism has evolved over the past three decades to catch unconscionable sales tactics such as selective information and or misrepresentation of location size completion date and past transactions and monitor sales practices in order to protect the interests of stakeholders in this ever changing first hand residential property market This book breaks down this complicated subject matter by focusing a number of chapters each on a specific attribute of the residential property on sale It then examines the various channels through which the information is communicated to the prospective buyer and discusses misrepresentation of the key information in sales of residential properties as criminal liability The tension between consumer's rights on one hand and the pursuit of free market principles on the other is but one example of the conflicting values thoroughly discussed in the book others include superstition vs modernization and clarity vs flexibility Aimed at those with an interest in consumer protection and transparency orientated legislation in commercialized real estate transactions this book seeks to provide an in depth discussion of the latest trends and directions of travel

*Deutsche Bank: The Global Hausbank, 1870 - 2020* Werner Plumpe, Alexander Nützenadel, Catherine Schenk, 2020-03-05 A comprehensive history of one of the major players in the world of international finance Over the course of its 150 year history Deutsche Bank has established itself as a major player in the world of international finance but has also been confronted by numerous challenges that have changed the face of Europe from two world wars to the rise and subsequent

fall of communism In this major work on the bank s history Werner Plumpe Alexander N tzenadel and Catherine R Schenk deliver a vibrant account of the measures the bank undertook in order to address the profound upheavals of the period as well as the diverse and unusual demands it had to face These included the First World War which brought the world s first period of globalization to a sudden and dramatic end but also the development of the predominantly national framework within which the bank had to operate from 1914 until the fall of the Berlin Wall in 1989 More recently the focus has shifted back to European and global activities with Deutsche Bank forging new paths into the Anglo American capital markets business so opening another extraordinary chapter for the bank

**Competition Law** Richard Whish,David Bailey,2015 Definitive and clear authoritative and comprehensive the stand alone resource on competition law for students and practitioners written by the leading academics in the field This eighth edition addresses key developments including the Enterprise and Regulatory Reform Act 2013 with an increased emphasis on intellectual property

Collective Management of Music Copyright Qingqing Xu,2023-04-17 Two of the objectives of the Chinese Copyright Law are to protect the copyright of authors to their literary and artistic works and encourage the creation and dissemination of works In practice however in spite of the existence of the Music Copyright Society of China MCSC that was established to assist with exercising copyright music creators in China remain in need of help to protect and manage their fragmented copyright The MCSC was the first collective management organisation CMO in mainland China and is the only CMO in the field of musical works While there is a large music industry and copyright business in China the MCSC only had 11 356 members at the end of 2021 The third amendment of the Chinese Copyright Law was initiated in 2011 and came into effect in June 2021 after a long debate for almost ten years The discussion of the third amendment has highlighted the controversial topic of collective management of copyright This book explores the adequacy of the MCSC as an intermediary representing rights for music creators The main argument developed in this study is that the work of the MCSC for individual composers and lyricists is hampered by shortcomings in the regulatory regime as well as by a lack of members rights to participate in the management of their own rights and by the ineffective international cooperation between the MCSC and other musical CMOs overseas The analysis is undertaken through a case study approach comparing the collective management systems of music copyright in China the United States and Australia and addressing the question of how musical CMOs operate in these countries Specifically three perspectives are examined the regulatory systems designed to limit the misuse of those CMOs monopoly members rights in the organisations and international cooperation between these CMOs Overall the main findings of this book suggest that the MCSC in China could work more effectively to protect music creators interests In contrast although the operational frameworks of the American Society of Composers Authors and Publishers ASCAP and the Broadcasting Broadcast Music Inc BMI in the United States and the Australasian Performing Right Association APRA in Australia are not perfect models the systems in these two countries may at least provide reference points for potential improvement of the regime of the MCSC

The research recommends three courses of action strengthening the regulatory design overseeing the MCSC's monopoly clarifying the relationship between the MCSC and its members while providing the members with the right to manage their own copyright and improving the international cooperation between the MCSC and CMOs in other countries
