manufacturer's own workshop manual which is of much greater size and complexity. However, it should be consulted if more detailed information is needed. Always remember that you are responsible for your own safety and that of others when working on a vehicle. Take particular care with safety-related systems like the brakes and steering and seek professional advice if in any doubt. Never work under a vehicle unless it is properly supported; a single jack is not enough. Take care with power tools also, regard as potentially harmful fuel lubricants, solvents and sealers which should always be and kept in labelled sealed containers. With care and common sense, the practical owner can make an excellent job of maintenance and overhaul. The benefits include money saved and the satisfaction of work well done. You will be adding to your knowledge too. Knowing more about the vehicle you own will help you to make logical decisions about what needs to be done, even if it does in some instances have to go into a professional repair shop. The Volkswagen Transporter T4 is a vehicle that will respond to careful regular servicing and is built to a standard that will ensure a long life if this is remembered. *VW GTI, Golf, Jetta, MK III & IV* Kevin Clemens, Volkswagen's GTI, Golf and Jetta are long time favorites among sport compact performance enthusiasts. With engines ranging from the 2.0 liter naturally aspirated four cylinder to the 1.8 liter turbo 4 to the VR6 the Mk III and Mk IV generations 1993-2004 offer tuners a wealth of opportunities. This book turns these opportunities into realities from deciding which vehicle to buy to keeping it running in tip top condition to enhancing the performance and appearance of your VW. Focusing on the engine, wheels and tires, suspension, body kits, interiors and more, each project includes straightforward instruction along with details about the necessary parts, cost, time and skill. If you want to get the biggest bang for your VW buck, this book is your road map. **South African Automotive Light Vehicle Level 3 CDX**
