Beyond Angels Gaile Walker, 2012-12-31 What exactly is enlightenment and how can this state of awareness be achieved without struggle These are the most important questions that members of the New Age movement currently face and this is the book which answers them As the mind body spirit consciousness that has emerged from the New Age movement begins to permeate mainstream awareness it sends out a plea that this movement examines and accepts the limitations of its present practices This book is a calling written to stir the reader from slumber and to invite them home in the fastest way possible It teaches how healing and meditation practices will be made more spiritually expanding and so more safe and effective by adopting a consciousness first approach      **Fodor's Puerto Rico, 2nd Edition** Fodor's, 2002-11 Great descriptions of all the sights plus shopping nightlife outdoor fun and side trips are included in this guide to Puerto Rico along with historical background walking tours and unique itineraries Dozens of maps Photos      **Spanish America in Song and Story** Henry Alfred Holmes, 1932      *The Indian in Spanish America* Jack J. Himelblau, 1994      **Spanish Vampire Fiction since 1900** Abigail Lee Six, 2019-02-18 Spanish Vampire Fiction since 1900 Blood Relations as that subtitle suggests makes the case for considering Spanish vampire fiction an index of the complex relationship between intercultural phenomena and the specifics of a time place and author Supernatural beings that drink blood are found in folklore worldwide Spain included and writers ranging from the most canonical to the most marginal have written vampire stories Spanish ones included too When they do they choose between various strategies of characterization or blend different ones together How much will they draw on conventions of the transnational corpus Are their vampires to be local or foreign alluring or repulsive pitiable or pure evil for instance Decisions like these determine the messages texts carry and when made by Spanish authors may reveal aspects of their culture with striking candidness perhaps because the fantasy premise seems to give the false sense of security that this is harmless escapism and since metaphorical meaning is implicit it is open to argument and if necessary denial Part I gives a chronological text by text appreciation of all the texts included in this volume many of them little known even to Hispanists and few if any to non Spanish Gothic scholars It also provides a plot summary and brief background on the author of each These entries are free standing and designed to be consulted for reference or read together to give a sense of the evolution of the paradigm since 1900 Part II considers the corpus comparatively first with regard to its relationship to folklore and religion and then contagion and transmission Spanish Vampire Fiction since 1900 Blood Relations will be of interest to Anglophone Gothic scholars who want to develop their knowledge of the Spanish dimension of the mode and to Hispanists who want to look at some canonical texts and authors from a new perspective but also gain an awareness of some interesting and decidedly non canonical material      **Spanish Composition and Conversation** Alfred P. **Acequia Culture** José A. Rivera, 2005-01-21 Conflicts between Hispanic farmers and developers made for compelling reading in The Milagro Beanfield War the famous novel of life in a northern New Mexico village in which tradition triumphs over modernity But as cities grow and industries expand are acequias or community irrigation ditches a wise and efficient use of water in the arid Southwest Jos Rivera presents the contemporary case for the value of acequias and the communities they nurture in the river valleys of southern Colorado and New Mexico Recognizing that water is the lifeblood of the community Rivera delineates an acequia culture based on a reciprocal relationship between irrigation and community The acequia experience grows out of a conservation ethic and a tradition of sharing that should be recognized and preserved in an age of increasing competition for scarce water resources A worthwhile contribution to the future management of water resources Professor Michael C Meyer
