Jean Jacques Charbonier

La Vie Interdite:

La Vie interdite Didier Van Cauwelaert, 2013-03-21 Je m'appelais Jacques Lormeau 64 avenue des Thermes Aix les Bains j'avais trente quatre ans j'étais quincaillier Je suis mort sept heures du matin Il est huit heures vingt huit sur l'écran du radio réveil et personne ne s'en est encore rendu compte Que deviennent les souvenirs les désirs la joie de vivre et la lucidité lorsqu'on a quitté son corps Spectateur du chagrin de ses proches du vide qu'il laisse et de la comédie de ses obsèques tour tour angoissant amusant volt Jacques Lormeau commence comprendre les autres au moment où il ne peut plus rien pour eux Comment parvenir à se faire entendre se glisser dans les pensées de la femme qu'on aime dans les rêves de son fils terminer son œuvre sur terre Comment échapper aux indésirables qui vous retiennent avec leurs prières leurs rancunes leurs fantasmes Faut-il chercher l'entrée d'un Paradis ou la recette de la réincarnation Peut-on traverser l'espace et le temps la poursuite de la vie qu'on n'a pas osé vivre

7 Reasons to Believe in the Afterlife Jean Jacques Charbonier, 2015-03-07 An uplifting study of the scientific evidence for the afterlife from an experienced anesthesiologist intensive care physician Details meticulously recorded and hospital verified cases of near death experiences Cites scientific research on NDEs to refute the standard objections of doubters and materialists point by point Explores out of body experiences sessions with mediums electronic communication with the deceased and other signs from the afterlife Over the course of his 25 year career as an anesthesiologist and intensive care physician Jean Jacques Charbonier M.D. gathered hundreds of accounts of patients who returned from clinical death Across all of these accounts from patients with vastly different backgrounds Dr Charbonier found striking similarities as well as indisputable proof that these experiences were more than hallucinations He surveyed other physicians nurses and professional caregivers and discovered that their patients described the same experiences as well as exhibited the same positive life transformations afterward Igniting a scientific quest to learn more he collected more accounts of near death experiences as well as out of body experiences attended dozens of sessions with mediums experimented successfully with electronic communication with the deceased EVP interviewed hundreds of people who have cared for the dying and gathered countless inexplicable stories of signs from the afterlife With each experience he studied he found himself more firmly believing in the survival of consciousness beyond death Dr Charbonier distills his findings into 7 reasons to believe in the afterlife beginning with the more than 60 million people worldwide who have reported a transcendent afterlife experience He refutes the standard objections of doubters and materialists point by point citing scientific research on NDEs and the work of pioneers in the field of consciousness studies such as Raymond Moody and Pim van Lommel Drawing on meticulously recorded and hospital verified cases Dr Charbonier explains that we should not fear death for ourselves or our loved ones By releasing our fear of death we can properly prepare for the final journey As those who have returned from death reveal death is simply a transition and its lessons enable us to live more fully peacefully and happily in the now
