## Mine A Novella:

**Mine** Fiona Quinn, 2015-01-05 Not safe at home in Boston Kate Hamilton seeks refuge in the small Virginia town where she was born and raised Scarborough is no longer the bucolic village that she remembered Pleasantries are only skin deep as big city issues and the politics of the world roil just under the surface A string of untimely deaths has the whole town grieving Only Kate thinks something nefarious is afoot Can she convince the local police that coincidences like these are only found in fiction Kate is determined to solve the puzzle and save lives especially her own The Story of the Mine as Illustrated by the Great Comstock Lode of Nevada Charles Howard Shinn, 1898 The Story of a Mine Bret Harte, 2016-10-01 Bret Harte wades into a controversy surrounding California mining in the late 1800s with a tale that invokes many aspects of the New Idria Mercury Mine case In the process of untangling a knotted web of competing ownership claims a band of rough around the edges mountain folk find themselves embroiled in the political process **Year Book** American Iron and Steel Institute, 1913 **The Story of a Mine** Bret Harte, 1888 *The South African Short Story in English, 1920-2010* Marta Fossati, 2024-09-05 Through detailed close readings alongside investigations into the history of print culture Marta Fossati traces the development of the South African short story in English from the late 1920s to the first decade of the twenty first century She examines a selection of short stories by important Black South African writers Rolfe and Herbert Dhlomo Peter Abrahams Can Themba Alex La Guma Mtutuzeli Matshoba Ahmed Essop and Zo Wicomb with an alertness to the dialogue between ethics and aesthetics performed by these texts This new history of Black short fiction problematises and interrogates the often polarised readings of Black literature in South Africa that can be torn between notions of literariness protest and journalism Due to material constraints short fiction in South Africa circulated first and foremost through local print media which Fossati analyses in detail to show the cross fertilisation between journalism and the short story While rooted in the South African context the short stories considered also hold a translocal dimension allowing us to explore the ethical and aesthetic practice of intertextuality These are writings that complicate the aesthetics ethics binary generic classifications and the categories of the literary and the political Theoretically eclectic in its approach although largely underpinned by a narratological analysis *The South African Short Story in English 1920 2010 When Aesthetics Meets Ethics* offers a fresh perspective on the South African short story in English spotlighting several hitherto marginalised figures in South African literary studies The History of Mining Michael Coulson, 2012-11-12 THE INDUSTRY THAT FORGED THE MODERN WORLD Throughout history metals and raw materials have underpinned human activity So it is that the industry responsible for extracting these materials from the ground mining has been ever present throughout the history of civilisation from the ancient world of the Egyptians and Romans to the industrial revolution and the British Empire and through to the present day with mining firms well represented on the world's most important stock indexes including the FTSE100 This book traces the history of mining from those early moments when man first started using tools to the present

day where metals continue to underpin economic activity in the post industrial age In doing so the history of mining methods important events technological developments the important firms and the sparkling personalities that built the industry are examined in detail At every stage as the history of mining is traced from 40 000BC to the present day the level of detail increases in accordance with the greater social and industrial developments that have played out as time has progressed This means that a particular focus is given to the period since the industrial revolution and especially the 20th century A look is also taken into the future in an effort to chart the direction this great industry might take in years to come Many books have been written about mining the majority have focused on a particular metal geographical area mining event or mining personality but The History of Mining has a broader scope and covers all of these essential and fascinating areas in one definitive volume

The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and gripping novel that will keep you speculating until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
