Fowler's Dictionary of Modern English Usage Jeremy Butterfield, 2015-03-26 Why literally shouldn't be taken literally Why Americans think home in on something is a mistake and Brits think hone in is Is it OK to spell OK okay What's wrong with hence why Was Alanis Morissette ever ironic Fowler's Dictionary of Modern English Usage is the world famous guide to English usage loved and used by writers editors and anyone who values correct English since it first appeared in 1926 Fowler's gives comprehensive and practical advice on complex points of grammar syntax punctuation style and word choice Now enlarged and completely revised to reflect English usage in the 21st century it provides a crystal clear authoritative picture of the English we use while illuminating scores of usage questions old and new International in scope it gives in depth coverage of both British and American English usage issues with reference also to the English of Australia Canada India New Zealand and South Africa The thousands of authentic examples in the book vividly demonstrate

A Dictionary of Modern English Usage H. W. Fowler, 2010-10-14 What grammarians say should be has perhaps less influence on what shall be than even the more modest of them realize No book had more influence on twentieth century attitudes to the English language in Britain than Henry Fowler's Dictionary of Modern English Usage It rapidly became the standard work of reference for the correct use of English in terms of choice of words grammar and style Much loved for his firm opinions passion and dry humour Fowler has stood the test of time and is still considered the best arbiter of good practice In this new edition of the original Dictionary David Crystal goes beyond the popular mythology surrounding Fowler's reputation to retrace his method and arrive at a fresh evaluation of his place in the history of linguistic thought With a wealth of entertaining examples he looks at Fowler's stated principles and the tensions between his prescriptive and descriptive temperaments He shows that the Dictionary does a great more than make normative recommendations and express private opinion In addition he offers a modern perspective on some 300 entries in which he shows how English has changed since the 1920s ABOUT THE SERIES For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe Each affordable volume reflects Oxford's commitment to scholarship providing the most accurate text plus a wealth of other valuable features including expert introductions by leading authorities helpful notes to clarify the text up to date bibliographies for further study and much more

Garner's Modern English Usage Bryan Garner, 2016-03-11 With more than a thousand new entries and more than 2 300 word frequency ratios the magisterial fourth edition of this book now renamed Garner's Modern English Usage GMEU reflects usage lexicography at its finest Garner explains the nuances of grammar and vocabulary with thoroughness finesse and wit He discourages whatever is slovenly pretentious or pedantic GMEU is the liveliest and most compulsively readable reference work for writers of our time It delights while providing

instruction on skillful persuasive and vivid writing Garner liberates English from two extremes both from the hidebound purists who mistakenly believe that split infinitives and sentence ending prepositions are malfeasances and from the linguistic relativists who believe that whatever people say or write must necessarily be accepted The judgments here are backed up not just by a lifetime of study but also by an empirical grounding in the largest linguistic corpus ever available In this fourth edition Garner has made extensive use of corpus linguistics to include ratios of standard terms as compared against variants in modern print sources No other resource provides as comprehensive reliable and empirical a guide to current English usage For all concerned with writing and editing GMEU will prove invaluable as a desk reference Garner illustrates with actual examples cited with chapter and verse all the linguistic blunders that modern writers and speakers are prone to whether in word choice syntax phrasing punctuation or pronunciation No matter how knowledgeable you may already be you re sure to learn from every single page of this book *Garner's Modern American Usage* Bryan Garner,2009-08-27 A guide to proper American English word usage grammar pronunciation and style features examples of good and bad usage from the media **Garner's Modern English Usage** Bryan A.
