finally unite all of mankind under a single throne On a world scoured down to the rock by terrifying hurricanes that blow through every few day a young spearman forced into the army of a Shardbearer led to war against an enemy he doesn't understand and doesn't really want to fight What happened deep in mankind's past Why did the Radiants turn against mankind and what happened to the magic they used to wield Readers absolutely love The Way of Kings Incredible impressive or fantastic all these words are an understatement to the quality this book holds The Way of Kings is the beginning of a masterpiece series in epic fantasy Novel Notions It's multi POV action packed heartfelt exciting thrilling and I am running out of adjectives Goodreads Reviewer Goodreads reviewer The story is mind blowing the ideas and thoughts create a world that is believable and intriguing A strong tale with a well fleshed out world and multidimensional characters that are easy to care about Goodreads Reviewer Goodreads reviewer The Way of Kings is a huge opening act to The Stormlight Archive which took every single one of these elements of a good fantasy story and elevated the art of storytelling to a different league Goodreads reviewer Brandon Sanderson is probably the most gifted storyteller of his generation He's a silent force that strikes you when you least expect it and with The Way of Kings he introduces a series that will change the history of Fantasy Goodreads reviewer I've been struck speechless I've loved Sanderson's books in the past but this one completely blew me away I really wish I could give The Way of Kings a sixth star Goodreads reviewer
