#### Why Distortion Control?

Hand held cameras do not have the distortion and creative controls offered by view cameras. It is important, therefore, that your enlarger has lens stage tilts and shifts and film stage adjustments so you can do in the darkroom what cannot be done with your camera. Our 670DXL is the only enlarger offering all these capabilities at its price.

#### The Saunders/LPL 670DXL

is brought to you by The Saunders Group, the most respected manufacturer of professional enlarging easels and darkroom accessories, and LPL, Japan's foremost enlarger manufacturer. The 670DXL combines American functional requirements with Japanese precision and price advantages. Compare it at your dealer and you will immediately see what we mean. You will not find a better enlarger. And to back it up we offer an exclusive two-year warranty, twice as long as the others.

#### Special Introductory Prices

For the introduction of this superior enlarger we are offering participating dealers extra promotional discounts. This permits your dealer to pass on significant savings. But hurry, this offer is for a limited time only.
