she moved to Frederick MD and explains why and how she established The Banner School there in 1982 Elinor is a teacher's teacher for sure Not only does she understand the many obligations teachers have she is also a grammarian of the first order providing detailed direction on this subject Her understanding of the benefits of challenging students to master difficult work and memorize poetry will motivate many teachers Her award winning methods and high level of experience with organizing interdisciplinary science and social studies topics will encourage others to immerse their students in any of ten science topics and sixteen cultures of both the Old and New World This book is worth more than its price just for its extensive resources including Word Web Vocabulary R 101 Ways to Attack a Writing Assignment c and CommuniCards c the latter a must for every classroom as it pinpoints the confusion many students exhibit with specific mathematical and language concepts

Mathematics for Every Student Dorothy Y. White, Julie Sliva Spitzer, 2009 Demonstrates how connecting real life activities with mathematical concepts and building on students knowledge and experiences can help them excel in the classroom Strategies that can immediately be implemented to help students form better connections with the content they are studying are also described from publisher description

Melting the ice: Engaging and educational ice-breaker activities for every learning session Jen Schneider, 2023-04-14 The first five minutes of a classroom experience are critical The tone set in a session's opening minutes can significantly impact and influence in both positive and negative ways the quality and nature of the subsequent learning experience How students spend that time can also have a positive impact on their learning in both the short and long term When the opening minutes of a class are approached as an opportunity to build student connections collaboration and community all learners benefit As more and more learning experiences occur in synchronous and asynchronous online learning environments strategies that both welcome students to online sessions and support student learning are increasingly important Traditional ice breakers while typically shared with a goal of building community and student engagement can sometimes have unintended or even negative consequences on students This text shares a collection of powerful opening activities that are designed to simultaneously engage students build safe and connected classroom communities and support student learning All strategies are easily adapted and personalized to fit individual course and content needs including face to face synchronous online and asynchronous online learning contexts Shared activities are aligned with associated learning science research and incorporate strategies that have been shown to support student engagement and learning such as retrieval practice active recall spaced practice and interleaving among other evidence based instructional strategies

[Proceedings of the International Conference on Education Practice \(ICEP 2024\)](#) Suprihatin Suprihatin, Rahmah Novianti, Anggi Citra Apriliana, Nararia Hutama Putra, Leliana Lianty, Taofik Taofik, Nina Nurhasanah, Nidya Chandra Muji Utami, Citra Ashri Maulidina, Catur Wulandari, 2025-03-25 This is an open access book The 1st International Conference on Education Practice ICEP 2024 is organized by the Faculty of Education Universitas Negeri Jakarta Indonesia The purpose of the ICEP 2024 activity is as a forum to accommodate researchers academics educators and
