GRADE 12

MATHEMATICAL LITERACY P1

PRE-TRIAL EXAMINATION

2024

MARKS: 150

TIME: 3 HOURS

This question paper consists of 18 pages, 3 answer sheets and an Addendum with 1 annexure

INSTRUCTIONS AND INFORMATION

1. This question paper consists of FIVE questions. Answer ALL the questions.
2. Use the ANNEXURES and the ADDENDUM to answer the following questions
 - ANSWERSHEET A for question 2.3.2

Mathematical Literacy Paper November 2memorandum

Katrin Zwirglmaier

Mathematical Literacy Paper November 2memorandum:

Freedom Is an Endless Meeting Francesca Polletta, 2020-03-04 This excellent study of activist politics in the United States over the past century challenges the conventional wisdom about participatory democracy Times Literary Supplement Freedom Is an Endless Meeting offers vivid portraits of American experiments in participatory democracy throughout the twentieth century Drawing on meticulous research and more than one hundred interviews with activists Francesca Polletta upends the notion that participatory democracy is worthy in purpose but unworkable in practice Instead she shows that social movements have often used bottom up decision making as a powerful tool for political change Polletta traces the history of democracy from early labor struggles and pre World War II pacifism through the civil rights new left and women s liberation movements of the sixties and seventies and into today s faith based organizing and anti corporate globalization campaigns In the process she uncovers neglected sources of democratic inspiration such as Depression era labor educators and Mississippi voting registration workers as well as practical strategies of social protest Polletta also highlights the obstacles that arise when activists model their democracies after nonpolitical relationships such as friendship tutelage and religious fellowship She concludes with a call to forge new kinds of democratic relationships that balance trust with accountability respect with openness to disagreement and caring with inclusiveness For anyone concerned about the prospects for democracy in America Freedom Is an Endless Meeting will offer abundant historical theoretical and practical insights

An Age of Accountability John L. Rury, 2023-10-13 An Age of Accountability highlights the role of test based accountability as a policy framework in American education from 1970 to 2020 For more than half a century the quest to hold schools and educators accountable for academic achievement has relied almost exclusively on standardized assessment The theory of change embedded in almost all test based accountability programs held that assessment with stipulated consequences could lead to major improvements in schools This was accomplished politically by proclaiming lofty goals of attaining universal proficiency and closing achievement gaps which repeatedly failed to materialize But even after very clear disappointments no other policy framework has emerged to challenge its hegemony The American public today has little confidence in institutions to improve the quality of goods and services they provide especially in the public sector As a consequence many Americans continue to believe that accountability remains a vital necessity even if educators and policy scholars disagree
