Analysis

1. During 1906 and 1907, what two methods did the Forest Service use to protect the Kaibab deer?

Theodore Roosevelt created a national game reserve and they exterminated the predators of the Kaibab deer.

1. Why did you expect the population of the deer to grow so rapidly over time?

The deer population grew rapidly because of the removal of predators.

1. Why did you expect the population of deer to decline in 1925, although the removal of predators occurred?

The deer population declined because of the removal of predators and the overpopulation of the deer.

1. Why did you think the deer population was in 1925 was 100,000 when the population of predators was 10,000?

The deer population was 100,000 because the deer population was growing rapidly and the population of predators was 10,000.

1. Why did the deer population decline after 1925?

The deer population declined because the population of predators was growing rapidly and the population of deer was declining.
