International Handbook on Education in Southeast Asia Lorraine Pe Symaco, Martin Hayden, 2021-12-23 This International Handbook provides a detailed account of the education systems of 11 Southeast Asian nations including Brunei Darussalam Cambodia Indonesia Lao People's Democratic Republic Malaysia Myanmar the Philippines Singapore Thailand Timor Leste and Vietnam It presents a systematic sector by sector explanation of how these national education systems deliver educational services and respond to national and international issues and challenges With 56 chapters the International Handbook is the region's most comprehensive educational reference source In the first of its chapters the editors introduce the regional context and draw attention to the distinctive characteristics of each of the 11 systems Southeast Asia representing 8.5% of the world's population is as dynamic as it is diverse The International Handbook charts progress and establishes a benchmark for documenting future developments It also provides a stepping off point for more detailed investigations of decision making processes and outcomes across the 11 national education systems

Standard Setting in Education Sigrid Blömeke, Jan-Eric Gustafsson, 2017-02-27 This book summarizes the international evidence on methodological issues in standard setting in education By critically discussing the standard setting practices implemented in the Nordic countries and by presenting new methodological approaches it offers fresh perspectives on the current research Standard setting targets crucial societal objectives by defining educational benchmarks at different achievement levels and provides feedback to policy makers schools and teachers about the strengths and weaknesses of a school system Given that the consequences of standard setting can be dramatic the quality of standard setting is a prime concern If it fails repercussions can be expected in terms of arbitrary evaluations of educational policy wrong turns in school or teacher development or misplacement of individual students Standard setting therefore needs to be accurate reliable valid useful and defensible However specific evidence on the benefits and limits of different approaches to standard setting is rare and scattered and there is a particular lack with respect to standard setting in the Nordic countries where the number of national tests is increasing and there are concerns about the time and effort spent on testing at schools without feedback being provided Addressing this gap the book offers a discussion on standard setting by respected experts as well as profound and innovative insights into fundamental aspects of standard setting including conclusions for future methodological and policy related research
