

An Overview of the Revolution

Where is France?

France is a country in Europe and was founded in the year 943. France is bordered by Spain, Italy, Germany, Belgium, Switzerland, Britain, and Luxembourg. The current capital of France is Paris.

The king's money problems forced him to call the **Estates General**, which was like a kind of parliament. The higher taxes caused thousands of complaints. The members of the Estates were upset and promised to keep meeting until there was government reform and a new constitution. They were supported by those who stormed the Bastille prison.

There were a few reasons for the revolution:

- The poor, or peasants, were overpaying taxes, the royalty and rich took advantage of them. The harvests were not sufficient and the prices were high.
- The monarchy overspent and the government went bankrupt, and the king was weak.
- A writer, Rousseau, wrote that it was wrong for a king to have absolute power, and the idea became popular among the people.

The **Rights of Man** was adopted, which was like America's "All men are created equal." It stated that "Men are born free and remain free and equal in rights". A parliament was set up similar to Britain's called the **Convention**.
