Components of the Language-Ready Brain Cedric Boeckx,Antonio Benítez-Burraco,2016-09-09 This volume highlights  
new avenues of research in the language sciences and particularly in the neurobiology of language The term language ready  
brain stresses on the one hand the importance of a brain based description of our species linguistic capacity and on the other  
the need to appreciate the crucial role culture plays in shaping the linguistic systems children acquire and adults use For this  
reason the focus is not put on language per se but on our learning biases and cognitive pre dispositions toward language  
Both brain and culture are considered at two crucial levels of inquiry phylogeny and ontogeny In a fast growing field like the
