Teaching Geology Using the History and Philosophy of Science Glenn Dolphin, 2024-10-02 This book provides a case study on how to design and build an introductory geology course for non science majors The book presents a foundation with the status of geoscience education and research in geoscience conceptual development as a backdrop for the design process It then describes the instructional goal setting process and development of the structural components of the course based on the determined goals The book presents the three historical narratives the earth is a historical entity the earth is very old and the earth is dynamic that form the foundation of instruction It also describes examples of the implicit explicit and reflective treatments of the nature of science to help student develop a better sense of the process of geology Finally the book gives preliminary results from some innovative approaches to research on student learning within the domains of geological content knowledge and NOS content knowledge within the course

Bricks Without Straw Al Bruno Ph.D., 2021-02-24 What has happened to our youth How did it all go south so fast Hardly any of them give up a seat to an elderly person or a pregnant woman and profanity against bus drivers teachers police officers and everyone else has become a rite of passage Drug use and violence no longer strike fear in their hearts Even worse they're entitled believing everything should be theirs even if they have not worked hard for it Meanwhile parents have given up on parenting preferring to turn over their children to the government or society to be reared Al Bruno Ph D a longtime educator and former chaplain highlights the epidemics that have ravaged our youth in Bricks without Straw He offers guidance on how to take back our children guide them and teach them about the Lord prepare children for the difficult life they will face as adults teach children right from wrong instill a love of learning in children With youth crime surging a waning work ethic and children hurling insults at each other at every opportunity the stakes could not be higher Whether you're an educator parent grandparent or community leader you'll grasp the problem and find solutions in this book
