Japanese Grammar Kimihiko Nomura, 2010-10-21 Japanese Grammar The Connecting Point is instrumental for anyone learning Japanese who seeks to gain a firm grasp of the most important aspect of the language verb usage Learning Japanese may seem to be a daunting task but Dr Nomura's book will help readers conjugate verbs into a variety of formats construct sentences systematically and hold intelligible conversations in Japanese He groups all Japanese verbs into clusters creating a method of how each of those groups conjugate and then demonstrates how to combine various verb forms with auxiliary expressions to form complex sentences Not only is this method excellent for beginners as it creates a solid foundation for learners to increase their language ability and attain fluency at a rapid rate but also for intermediate and advanced levels as it will help them solidify their verb usage and use Japanese with greater confidence Learners will also benefit from Dr Nomura's method because they will be able to shift the level of formality in any conversational situation according to what is culturally appropriate Furthermore when a new verb is uttered by other people the learner will be able to immediately apply the agglutinative process described in this grammar book and generate sentences with a variety of suffixes in a culturally appropriate manner
