## **Japanese Moral Education Past And Present:**

*Japanese Moral Education Past and Present* Yoshimitsu Khan, 1997 This book investigates the history and development of Japanese moral education and analyzes and compares current moral education with the concepts of the Imperial Rescript on Education 1890 and the shushin moral education of prewar Japan The Rescript contains Confucian and Shinto precepts and was to become the codification of the moral standards of the Japanese way of life in pre surrender Japan Despite the attempts of the Japanese education system to embrace democratic principles postwar dotoku moral education has been essentially the same as that of the prewar system The author concludes that Confucian ethics is still the engine of Japanese social cohesion and dynamics and predicts that it will continue to be so for generations to come Japan needs to find a way to converge the long held Confucian ideology with more democratic ideals and fairness to all people through moral education **Japanese**

**Moral Education Past and Present** Yoshimitsu Khan, 1998-09-01 The roots of Japanese moral education are investigated in this book providing a key to understanding the anti foreign nationalism of Imperial Meiji Japan and its expression today This book shows that in its fundamental conception JapanOs moral education today adheres to the same basic Confucian moral teachings as it did in Meiji Japan *Japanese Education* Roberta E. Pike, 2007 Presents a large representative sample of the

literature on Japanese education with an emphasis on its psychosocial aspects Many discussions compare the Japanese educational system with that of the United States and other countries The citations cover most of the 1990s including a few earlier and later references Includes extensive discussions about Japanese educational reform movements and their consequences Also cites published and unpublished dissertations and theses Updates the last comprehensive English language bibliography on Japanese education published by Ulrich Teichler in 1974 The citations were taken from many online databases Suitable for students teachers scholars and the general public *Reimagining Japanese Education* David Blake Willis, Jeremy Rappleye, 2011-05-16 Sparked by the confluence of accelerating domestic transformation and increasingly explicit impacts from globalization the Japanese education system has undergone tremendous changes during the turbulence of the past decade This volume which brings together some of the foremost scholars in the field of Japanese education analyzes these recent changes in ways that help us reimagine Japan and Japanese educational change at this critical juncture Rather than simply updating well worn Western images of Japan and its educational system the aim of the book is a much deeper critical rethinking of the outmoded paradigms and perspectives that have rendered the massive shifts that have taken place in Japan largely invisible to or forgotten by the outside world This reimagining thus restores Japan to its place as a key comparative link in the global conversation on education and lays out new pathways for comparative research and reflection Ranging widely across domains of policy and practice and with a balance of Japanese and foreign scholars the volume is also indicative of new directions in educational scholarship worldwide approaches that center global interactions on domestic education and contribute to a far greater recognition of the polycentric polycontextual World

unfolding today This book will be of keen interest to scholars of education worldwide as well as those working in and across anthropology sociology policy studies political science and area studies given that contemporary transformations in Japan at once reflect and approximate political social and educational shifts occurring throughout the World in the early decades of the 21st century *Resources in Education* ,2000-04 **The Teaching and Teachings of Temple Buddhism in Contemporary Japan** Stephen G. Covell,2024-10-31 How have Buddhist teachings come to be in modern and contemporary Japan and how are they taught This pioneering work seeks to answer these questions by highlighting the public teachings of Temple Buddhism institutions in particular Temple Buddhism kindergartens and Buddhist secondary schools and colleges The community outreach provided by these Buddhist facilities is far greater than any other with the possible exception of funerals yet until now it has received little attention from scholars of Japanese religion After determining what is taught in Buddhist education and how Stephen Covell introduces readers to a select group of monks who undergo some of the most grueling practices in Japanese Temple Buddhism to determine if the public facing teachings of Buddhist education are unique or similar to those of elite Buddhist practitioners The teachings and sites of teaching examined here include but are not limited to classical doctrinal studies and temples focused on the education of Buddhist clergy Covell uncovers the arguments made by priests involved in morals education the dharma talks of famous ascetics and the ways in which laws and legal codes have changed Buddhist education He looks at what is taught on the ground online and in popular texts to discuss the current teachings embraced as Buddhism within the institutions of Temple Buddhism Among his numerous findings is such teachings and worldview are remarkably similar to those of New Religions and Buddhist lay movements as outlined by Japan religion scholars and government bodies in charge of education *The Teaching and Teachings of Temple Buddhism in Contemporary Japan* will be welcomed by students and scholars in Japanese religious studies and early childhood and higher education as well as those interested in current Buddhist practice and teachings in general **Education in Japan** Japan. Monbushō,1910 **History of Japanese Education** Japan. Monbushō,Masakuni Shiraishi,1910 *Human Diversity and Educational Equity in Japan* Yoshiyasu Ida,Teruyuki Fujita,Inho Chung,Toshibumi Kakizawa,Yuhkoh Satoh,Hiroki Yoneda,Hiroshi Sato,Hisae Miyauchi,Mari Kokubu,Soichiro Matsuda,Eishi Komaki,2025-04-21 This book examines how Japan transforming itself into a society that celebrates its rich diversity is now providing support to its children and youth It presents a multilayered picture of support provided to or planned for young people from the perspective of Human Sciences It overturns stereotypical impressions of education and youth services in Japan Part One Diversity and Inclusion in School Curriculum depicts the latest trends ranging from the reality of Tokkatsu to the transformation of extracurricular activities and the state of educational support for children with special needs Part Two Inclusive Society and Lifelong Learning takes a broader view of learning and focuses on the latest practices for building an inclusive society Part Three Support and Assessment in School and Society includes analytical papers centered on the evaluation of programs aimed at establishing
