brain of a native friend or acquaintance Lebanese and Arabs in general are impressed when you attempt to speak Arabic with them They will go out of their way to help you and make your acquaintance However they will also try first to practice their English or French with you Most of them are bilingual or even trilingual Do not fall for this Insist on using your Arabic first The best way to learn a foreign language is through total immersion Go ahead immerse yourself You will be forced to float Drowning is not an option You are too smart to drown Study this book and find a group of natives to chat with Better yet visit Lebanon and have some maza tabbouli and araq Then we ll talk Do not be afraid to make mistakes Keep on trying Practice makes perfect
