*The Zenith* Duong Thu Huong, 2013-07-30 Memory is the one who builds you a permanent court of justice Memory is the one at your side from whom you cannot run A sweeping tale of thwarted love political intrigue and the price of power The Doctor Zhivago of Vietnam Boston Globe about Ho Chi Minh the founding father of modern Vietnam a man beloved by millions but shrouded in controversy and mystery Vietnam's most popular dissident writer Duong Thu Huong has won acclaim for her exceptional lyricism and psychological acumen as well as for her unflinching portraits of modern Vietnam and its culture and people Built on 15 years of research *The Zenith* imagines the final months in the life of Ho Chi Minh president of North Vietnam from 1945 until his death in 1969 at an isolated mountain compound where he is imprisoned both physically and emotionally Complex daring and elegiac Huong's novel weaves Ho Chi Minh's story together with narratives of members of his inner circle and a village elder illuminating the personal costs of political struggle the addictive quality of power and influence and how a tragedy can threaten to engulf not just one individual but an entire nation Most radically it is a multidimensional portrait of Ho Chi Minh himself a man who is often painted as a saint martyr or puppet but whom Huong portrays as a real person whose life encapsulated humanity's capacity for vision greed pain love and fallibility An epic masterpiece that is both a gripping political thriller and a haunting excavation of the human heart *The Zenith* is an unforgettable novel that leaves readers unsettled transformed and closer to life's fundamental mysteries

Patterson, 2019-10-03 Americans are losing touch with reality On virtually every issue from climate change to immigration tens of millions of Americans have opinions and beliefs wildly at odds with fact rendering them unable to think sensibly about politics In *How America Lost Its Mind* Thomas E Patterson explains the rise of a world of alternative facts and the slow motion cultural and political calamity unfolding around us We don't have to search far for the forces that are misleading us and tearing us apart politicians for whom division is a strategy talk show hosts who have made an industry of outrage news outlets that wield conflict as a marketing tool and partisan organizations and foreign agents who spew disinformation to advance a cause make a buck or simply amuse themselves The consequences are severe *How America Lost Its Mind* maps a political landscape convulsed with distrust gridlock brinksmanship petty feuding and deceptive messaging As dire as this picture is and as unlikely as immediate relief might be Patterson sees a way forward and underscores its urgency A call to action his book encourages us to wrest institutional power from ideologues and disruptors and entrust it to sensible citizens and leaders to restore our commitment to mutual tolerance and restraint to cleanse the Internet of fake news and disinformation and to demand a steady supply of trustworthy and relevant information from our news sources As philosopher Hannah Arendt wrote decades ago the rise of demagogues is abetted by people for whom the distinction between fact and fiction true and false no longer exists In *How America Lost Its Mind* Thomas E Patterson makes a passionate case for fully and fiercely engaging on the side of truth and mutual respect in our present arms race between fact and fake unity and
