

You need to refer to **Source A** and **Source B** for this question.

Both sources describe the **similar ways** in which **drivers behave**.

Use details from both sources to write a **summary** of what you understand about the **similar behaviour** of the **drivers**. [8 marks]

- ① Drivers = irresponsible ("gambling" / "chasing")
- ② Drivers = selfish & inconsiderate
↳ ("war on the roads" / "Hi!")

Both sources illustrate the similar ways the drivers behave as Source A and Source B reveal that the drivers whom the cyclists encounter are irresponsible in their conduct. The author of Source A illustrates that the driver acted dangerously as they were "gambling" on the fact that the cyclist would not swerve or shift position. Moreover in Source B, the hansom drivers were irresponsibly "chasing" the carless as a fun sport. This illustrates that the cyclists in both sources experience extremely rude drivers who act somewhat inattentively towards the cyclists in order to make themselves feel superior. Thus the drivers in Source A and Source B act irresponsibly towards the authors who are cyclists.
