

The image shows the entrance gate of the Mahatma Gandhi Mission Medical College in Navi Mumbai. The gate is a large, light-colored concrete structure with a central archway. Above the archway, the words "MAHATMA GANDHI MISSION" are inscribed in large, bold, black capital letters. In the center of the archway, there is a circular emblem or plaque. Behind the gate, several multi-story white buildings are visible, which are part of the college's infrastructure. The sky is clear and blue, and there are some trees on the left side of the frame.

The Complete Technology Book on Soaps (2nd Revised Edition) NIIR Board of Consultants &

Engineers, 2016-04-08 Soap is the traditional washing compound made from oil fats and caustic alkali. It is an item of daily necessity as a cleaning agent. There are few specialty soaps like the washing soaps, castile soaps, sandal soap, specially flavored soaps, medicated soaps, toilet soaps, and baby soaps. Population growth, especially households with children, has a proportional impact on the growth of the manufacturing sector of the industry. The soap industry is vivacious, varied, creative, and tricky and has the prospective to provide a gratifying career. With increasing popularity, there has been an increase in potential competitors, but it still has the opportunity of further exploitation. Today, with an increase in disposable incomes all around the world, demand for these products is expected to increase because consumers are moving up towards premium products. With increasing awareness of hygienic standards, the market for the soap is growing at a rate higher than 8% annually. People have become more creative in trying to find new ways in which they can make soap either for domestic use or commercial purposes. This book will provide all the basic facts and information you need to get started. You will be able to slowly build your way up to completely master the art of soap making. The book contains processes, formulae, photographs of plant machinery, with supplier's contact details, addresses of raw material suppliers, and providing information regarding manufacturing methods of different washing and toilet soaps. Some of the fundamentals of the book are raw material, oil, and fats, fatty acids, manufacture of soap products, technology of soap manufacturing, various formulations of soaps, soap perfumery, management of soap factories, analytical methods. This book will be a mile stone for its readers who are new to this sector. It will also find useful for professionals, entrepreneurs, those studying and researching in this important area.
