popular feminism in American television While American television has long relied on a strategic foregrounding of feminist politics to promote certain programming's cultural value *Woman Up: Invoking Feminism in Quality Television* is the first sustained critical analysis of the twenty-first century resurgence of this tradition In *Woman Up* Julia Havas's central argument is that postmillennial feminist quality television springs from a rhetorical subversion of the much debated masculine-coded quality television culture on the one hand and the dominance of postfeminist popular culture on the other Postmillennial quality television culture promotes the idea of aesthetic generic hierarchies among different types of scripted programming Its development has facilitated evaluative academic analyses of television texts based on aesthetic merit producing a corpus of scholarship devoted to pinpointing where value resides in shows considered worthy of discussion Other strands of television scholarship have criticized this approach for sidestepping the gendered and classed processes of canonization informing the phenomenon *Woman Up* intervenes in this debate by reevaluating such approaches and insisting that rather than further fostering or critiquing already prominent processes of canonization there is a need to interrogate the cultural forces underlying them Via detailed analyses of four TV programs emerging in the early period of the feminist quality TV trend: *30 Rock* (2006–13), *Parks and Recreation* (2009–15), *The Good Wife* (2009–16), and *Orange Is the New Black* (2013–19), *Woman Up* demonstrates that such series mediate their cultural significance by combining formal aesthetic exceptionalism and a politicized rhetoric around a problematic postfeminism thus linking ideals of political and aesthetic value *Woman Up* will most appeal to students and scholars of cinema and media studies, feminist media studies, television studies, and cultural studies

**The Routledge Companion to Popular Music and Humor** Thomas M. Featuring many of their never-before-seen photos. Receptionist Pam Beesly and accountant Angela Martin had very little in common when they toiled together at Scranton's Dunder Mifflin Paper Company. But in reality, the two bonded in their very first days on set and over the nine seasons of the series run, built a friendship that transcended the show and continues to this day. Sharing everything from what it was like in the early days as the show struggled to gain traction to walking their first red carpet, plus exclusive stories on the making of milestone episodes and how their lives changed when they became moms. *The Office BFFs* is full of the same warm and friendly tone Jenna and Angela have brought to their *Office Ladies* podcast. *Quicklet on 30 Rock Season 6* Kent McGroarty, 2012-04-04 ABOUT THE BOOK *30 Rock* is an NBC television series that has ruled Thursday nights in a way no half-hour sitcom has since the days of *Friends*. Created by former Saturday Night Live head writer and Weekend Update anchor Tina Fey, the show initially had trouble finding an audience. That changed practically overnight after Fey returned to SNL to play then vice-presidential hopeful Sarah Palin, with whom Fey shares a resemblance. The show, now in its sixth season, has won many awards and continued to dominate television's comedy genre. After garnering critical and commercial success for her work on SNL, Tina Fey surprised many in the television world by leaving the venerable sketch comedy show in May of 2006 to work on her own NBC sitcom called *30 Rock*. The show was inspired by Tina's own experience working as a writer on SNL with *30 Rock* about the behind-the-scenes craziness of an NBC late-night sketch comedy show. MEET THE AUTHOR Kent Page McGroarty is a freelance writer. She is a frequent lifestyle contributor to online magazine *EDGE Publications* and Demand Media sites *LIVESTRONG.com*, *eHow*, *Home and Garden*, and *Local.com*. Kent also works as a blogger and copywriter, including for her own site *A Natural Day.net*. She has a B.A. in English from Saint Joseph's University. EXCERPT FROM THE BOOK *30 Rock* follows the life of 30-something Liz Lemon, Tina Fey, the head writer of *The Girlie Show*.

a Saturday Night Live type show filmed at NBC's 30 Rockefeller Plaza in New York. When the series begins, Liz has been informed of the death of her old boss and his subsequent replacement, the business-minded Jack Donaghy. Alec Baldwin, Jack, has little experience producing television shows as he has previously worked in GE's corporate offices, only though GE owns NBC. He is initially unconcerned with the show as he oversees numerous other projects but realizes he needs to drastically change *The Girlie Show* if the show is to remain on the air. Jack therefore hires Tracy Jordan. Tracy Morgan, a movie actor known for running through the streets of New York in his underwear among many other random acts of goofiness, Liz is against the hiring. The minute Jack mentions the idea because she knows Tracy is insane, but Jack goes ahead and hires Tracy anyway. Liz realizes the veins of *Girlie Show* star Jenna Maroney. Jane Krakowski will explode at the thought of another actor coming in to proverbially throw up all over her spotlight. But Liz promises Jenna she will take care of it. Taking care of it doesn't go so well when Jack re-names the show *TGS with Tracy Jordan*.

Excerpt

The Office is an American comedy television series broadcast by NBC. An adaptation of the previous BBC series of the same name, it depicts the everyday lives of office employees in the Scranton, Pennsylvania branch of the fictional Dunder Mifflin Paper Company. To simulate the look of an actual documentary, it is filmed in a single camera setup without a studio audience or a laugh track. The Office was adapted for American audiences by executive producer Greg Daniels, a veteran writer for *Saturday Night Live*, *King of the Hill*, and *The Simpsons*. The creators of the original BBC series, Ricky Gervais and Stephen Merchant, are executive producers and also co-wrote the pilot episode with Daniels and wrote the season three episode *The Convict*. It is co-produced by Daniels, Deedle-Dee Productions, and Reveille Productions in association with Universal Media Studios. The show debuted on NBC as a midseason replacement on March 24, 2005. Off-network syndication of *The Office* began in late 2007, notably on TBS and Fox-owned stations in the United States. The series has completed its seventh season, which was lead actor Steve Carell's final season on the series. NBC renewed the series for an eighth season on March 17, 2011.

NBC programmer Kevin Reilly originally suggested Paul Giamatti to producer Ben Silverman.
