Cultural Memory in Seamus Heaney's Late Work Joanne Piavanini, 2020-06-17 Cultural Memory in Seamus Heaney's Late Work considers the ways that memory functions in Heaney's poetry Joanne Piavanini argues that the shaping of collective memory is one of Heaney's major contributions as a poet Locating Heaney in a transnational literary sphere this book argues that his late work is defined by a type of cosmopolitanism openness the work moves beyond national identity to explore multiple allegiances and identifications Moreover Piavanini demonstrates that memory is a helpful lens to look at Heaney's late work in particular because of the interplay of past present and future in these works in the construction of a collective memory of the Troubles in the use of the elegy to commemorate the passing of important contemporary poets in his writing on events with transnational significance such as 9/11 in the slippages between past and present in poems about his family and through the literary afterlives of texts specifically his appropriation of canonical classical texts Drawing on approaches and concepts from memory studies Piavanini considers Heaney's late work to develop an analysis of poetry as a vehicle of memory
