

Basketball Sonnet

Like the superstars in the NBA,
I get the ball and go and play.
Untouchable like Jordan in '92,
Shoot the ball and hold your fellow thrup.

Basketball has always been my thing,
I love Michael Jordan and Bernard King.
Basketball is my favorite sport,
I like the way they dribble up and down the court.

100 percent, no slackin
Some want it to happen,
Some wish it would it would happen,
While others make it happen.

Slide to the corner for three,
Sweet! Like Steph Curry.

Line Basketball Sonnet:

The Cambridge Companion to the Sonnet A. D. Cousins, Peter Howarth, 2011-02-03 Beginning with the early masters of the sonnet form Dante and Petrarch the Companion examines the reinvention of the sonnet across times and cultures from Europe to America In doing so it considers sonnets as diverse as those by William Shakespeare William Wordsworth George Herbert and e e cummings The chapters explore how we think of the sonnet as a lyric and what is involved in actually trying to write one The book includes a lively discussion between three distinguished contemporary poets Paul Muldoon Jeff Hilson and Meg Tyler on the experience of writing a sonnet and a chapter which traces the sonnet's diffusion across manuscript print screen and the internet A fresh and authoritative overview of this major poetic form the Companion expertly guides the reader through the sonnet's history and development into the global multimedia phenomenon it is today *Critical and Creative Thinking* Robert DiYanni, 2015-09-08 Critical and Creative Thinking A Guide for Teachers reveals ways to develop a capacity to think both critically and creatively in practical and productive ways Explains why critical and creative thinking complement each other with clear examples Provides a practical toolkit of cognitive techniques for generating and evaluating ideas using both creative and critical thinking Enriches the discussion of creative and critical intersections with brief inter chapters based on the thinking habits of Leonardo da Vinci Offers an overview of current trends in critical and creative thinking with applications across a spectrum of disciplines **Fast Break to Line Break** Todd Davis, 2012 If baseball is the sport of nostalgic prose basketball's movement myths and culture are truly at home in verse In this extraordinary collection of essays poets meditate on what basketball means to them how it has changed their perspective on the craft of poetry how it informs their sense of language the body and human connectedness how their love of the sport made a difference in the creation of their poems and in the lives they live beyond the margins Walt Whitman saw the origins of poetry as communal oral myth making The same could be said of basketball which is the beating heart of so many neighborhoods and communities in this country and around the world On the court and on the page this poetry in motion can be a force of change and inspiration leaving devoted fans wonderstruck **Literature to Go** Michael Meyer, 2011-01-31 Literature to Go is the long trusted anthology The Bedford Introduction to Literature sized and priced to go it is a brief and inexpensive collection of stories poems and plays supported by class tested reliable pedagogy and unique features that bring literature to life for students Pref Hip-hop Poetry and the Classics Alan Lawrence Sitomer, Michael Cirelli, 2004 Provides information and activities to help teachers connect the classroom poetry and language arts curriculum to hip hop Byte, 1986 **The Politics and Power of Bob Dylan's Live Performances** Erin C. Callahan, Court Carney, 2023-11-17 Ephemeral by nature the concert setlist is a rich if underexplored text for scholarly research How an artist curates a show is a significant aspect of any concert's appeal Through the placement of songs variations in order or the omission of material Bob Dylan's setlists form a meta narrative speaking to the power and significance of his music These essays use the setlists from concerts throughout

Dylan's career to study his approach to his material from the 1960s to the 2020s. These chapters from various disciplinary perspectives illustrate how the concert setlist can be used as a source to explore many aspects of Dylan's public life. Finally, this collection provides a new method to examine other musicians across genres with an interdisciplinary approach to setlists and the selectivity of performance. Unique in its approach and wide-ranging scholarly methodology, this book deepens our understanding of Bob Dylan the performer.

Literature Laurie G. Kirsznner, 1991

The Day the Universe Exploded My Head Allan Wolf, 2019-03-05

Hang on tight for a raucous bounce through the solar system and back propelled by funny, fanciful, factually sound poems and exuberant illustrations. The universe poured into me. My brain was overloaded. It smoked and glowed red hot. And then it actually exploded. Ever wonder what the sun has to say about being the closest star to Earth? Or what Pluto has gotten up to since being demoted to a dwarf planet? Or where rocket ships go when they retire? Listen closely because maybe just maybe your head will explode too. With poetry that is equal parts accurate and entertaining and illustrations that are positively out of this world, this book will enthrall amateur stargazers and budding astrophysicists as it reveals many of the wonders our universe holds. Space travelers in search of more information will find notes about the poems, a glossary, and a list of resources at the end.

Literature Compact Laurie G. Kirsznner, Stephen R. Mandell, 1996-10

The editors' practice is to place nontraditional or contemporary works where they belong alongside the classics to integrate new with old, familiar with unfamiliar, inviting students to discover new works and to see familiar works in new contexts. Thus, their goal in this anthology remains what it has been from the start: not just to expand the literary canon but also to expand the personal canons of both students and instructors. The goal is to encourage students both to appreciate works representing diverse literary subjects, styles, and perspectives and to recognize their own roles in bringing these diverse works into their personal literary canons by reading, reacting to, and writing about them.

Preface Laurie G. Kirsznner, Stephen R. Mandell, 1994

Includes the poetry section from *Literature: Reading, Reacting, Writing* 2e with three student papers and acknowledged works by women, minority, non-Western, and contemporary authors.

Literature X. J. Kennedy, Dana Gioia, 2000

Kennedy and Gioia's *Literature* Second Compact Edition offers an excellent introduction to the study of fiction, poetry, and drama. Reflecting a balance of canonical works along with contemporary and diverse literature, the new edition includes more coverage of writing and more student research papers. As in past editions, the authors' voice invites students on a journey of discovery by sharing their knowledge in an intelligent and down-to-earth style.

Literature Steven Lynn, 2004

Steven Lynn's ground-breaking *Literature: Reading and Writing with Critical Strategies* energizes literary study by demonstrating step by step how to use critical approaches to engage literary texts and evolve critical arguments. Plentiful examples demonstrate the process of thinking and writing about literature, progressing from a blank page to an insightful response and ultimately to a final essay using a variety of critical theories as invention strategies. A richly diverse selection of classical and contemporary works, short stories, poems, and plays is included.
