**Vocabula Amatoria** Vocabula, 1896

**Selected Poems** Du Bellay, Ronsard, 2023-07-11

Live now and listen do not wait in vain Until tomorrow pluck life's rose today Joachim du Bellay and Pierre de Ronsard are two of the major sixteenth century French poets and leaders of the extraordinary group known as La Pléiade. Determined to create a national vernacular literature the Pléiade poets profited from an intense study of Greek and Roman models and from a creative use of classical mythology to produce a body of verse that reflects the vigour and variety of European Renaissance culture. Du Bellay broke new ground with the gritty realism and resentment of the *Regrets* and with his meditation in the *Antiquities* on the rise and fall of the Roman Empire. In a series of sonnet sequences *Cassandre* Marie Astruc and Hélène Ronsard developed the Petrarchan tradition of love poetry with a wider range of situations, a richer imagery and more robust sensuality. His reputation as France's greatest love poet should not however obscure his excellence in an astonishing variety of forms and genres such as elegies, odes, philosophical hymns and religious controversy. Anthony Mortimer's verse translations cover this many faceted achievement in a version that functions as English poetry in its own right without departing from the letter and spirit of the original. The French text is given on facing pages and a useful appendix contains extracts from seminal manifestos by the two poets. A critical introduction, a glossary of names and places and abundant notes encourage the reader to place the poems in their social and cultural context. ABOUT THE SERIES For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features including expert introductions by leading authorities, helpful notes to clarify the text, up-to-date bibliographies for further study and much more.
