The Last Reincarnation of Steven Kinder Bernard K. Finnigan, 2019-07-25 Steven Kinder Is Having A Really Bad Day Steven Kinder's life seems to be one bad day after another His apartment burns down one day after moving in A job is lost due to a computer glitch College records are mysteriously frozen and he's accused of cheating his way through his degree When paramilitary thugs bust down his door at two in the morning suddenly he's having the worst bad day ever Hauled away in chains he's accused of being an illegal alien and thrown into a subzero coffin to linger in suspended animation forever But life turns from bad to bizarre when his rescue becomes even more bewildering than the kidnapping Steven is about to discover that there are aliens everywhere real intergalactic aliens hidden just out of human perception And that the accidents destroying Steven's life may not have been so accidental after all Now he's on the run and really learning what being human is all about Because the only thing more traumatic than learning alien souls are reincarnating on Earth would be learning he's one of them
